SESSION OF BRITISH PARLIAMENT IS URGED

SYMPATHY WITH MOVE OF D'ANNUNZIO SPREADS AMONG ITALIAN TROOPS

Sentiment Swings to Side of Force Which Seized City of Fiume; Money and Supplies Continue to Reach D'Annunzio's Men

Rome, Oct. 1.—Sympathy with Captain Gabriele d'Annunzio is spreading among the Italian regular troops. Money and supplies continue to flow into Fiume.

Fiume, Sept. 30.—Normal conditions have been restored at Palato, where street fighting occurred between Italians and Croats. Feeling between the two races is, however, reported quite bitter.

Paris, Oct. 1.—The inflamed conditions in the Adriatic region and the dissolution of the Italian parliament for the holding of a general election on November 18 are giving the Supreme Council much concern, in view of the possibility of the Balkans becoming involved in the turmoil.

In Peace Conference circles the approaching Italian election is regarded as a struggle between the war and peace parties, or rather between the forces on the military side and those of Socialist and pacifist tendencies.

International.

While it is realized that d'Annunzio and Fiume will be chief issues, the feeling is growing in Paris that d'Annunzio has indicated that his aspirations include far more than Fiume, the Italian situation is rapidly becoming more of an international question. In view of the conditions, the view is expressed here that the agitation must flame into any day, for instance, if a Jugoslav should happen to be killed by Italian troops.

GERMAN NATIONAL ASSEMBLY MEETS

adopts Emergency Budget; Noske, Defence Minister, Says Army Dwindling

Berlin, Sept. 30.—The German National Assembly opened here to-day and adopted an emergency budget rough all its ages without debate. Gustav Noske, Minister of Defence, told the Committee on Military Affairs, that the German forces, which recently were about 400,000, are being rapidly reduced, as estimates are published.

Vienna's Fall.

Vienna, Sept. 30.—Vienna, Oct. 1.—The four supplies Vienna are dependent on for only two weeks, according to the city's Controller, who predicts also that meat cannot be obtained after a very brief period. The Jugo-Slav-Italian situation is rapidly affecting the transportation of goods northward from the east.

German General Apologizes to Allies, America General

Washington, Oct. 1.—Sergei Bakstef, Russian Ambassador to the United States, informed the State Department to-day that General Hannov, superior Russian commander in Siberia, had apologized to American forces in Siberia, for incident at Iman, Siberia, September 5, involving the arrest by Russian of an American officer and enlisted man and the flogging of the latter.

Section in Italy Will Not Prevent Pact Ratification

Oct. 1.—Ratification of the Italian and St. Germain treaties will not be prevented by the dissolution of the Italian Parliament.

STARTS WITH WIN FOR CINCINNATI

World's Baseball Series Opened To-day With Eager Backers

Chicago White Sox Were Easily Beaten at Redland

Cincinnati Reds took the first of the World's Series to-day by a score of nine to one. They led throughout the game which was watched by thousands of fans. The game was played in bright sunshine. Summary:

	R.	H.	E.
Chicago	1	5	1
Cincinnati	9	14	1

Redland Field, Cincinnati, Oct. 1.—Umpire Rigler announced the batteries as Reuther and Wingo for Cincinnati, and Cicotte and Schalk for Chicago. The ground rules were announced as two bases on a ball hit into the left field crowd and three bases in the right field crowd.

First Inning.
First half: White Sox—J. Collins up. One ball. Ball. Strike. J. Collins singled to centre. It was a line drive that landed directly in front of Rousch. Eddie Collins up.

Ball. Strike 1. Eddie Collins forced J. Collins at second. Reuther to Kopf. E. Collins attempted to sacrifice. Weaver up. Ball. Strike. Eddie Collins out stealing. Wingo to Rath. Jackson up.

Weaver filed to Rousch, the latter making a great one-hand catch. No runs, one hit, no errors.

Second half: Rath up. Strike one. Rath was hit by a pitched ball. He was hit on the back and walked to first. Daubert up. Strike one. Daubert singled to centre. Rath takes third. It was a clean drive through second base. Groh up. Ball one, ball two. Groh filed to Jackson. Rath beat Jackson's throw home. Daubert remained in first. Rousch up. One ball. Daubert out stealing second. Schalk to Risberg. Rousch walked. Duncan up. Strike one. Strike two. Duncan out Gandel to Risberg. One run, one hit, no errors.

Second Inning.
First half—Jackson up. Jackson drove to Kopf, the latter threw wild to first and Jackson took second (Concluded on page 16.)

FINNISH TROOPS BEAT BOLSHIEVIKI

General Balakovich's Men Break Reds' Line at Bulata

Copenhagen, Oct. 1.—The breaking of the Bolshevik line at Bulata by troops of the Finnish General Balakovich is reported by The Novoe Rossiya, says a dispatch from Helsinki received here. Whole divisions of the Bolsheviks are declared to have surrendered.

In Siberia.
London, Oct. 1.—A dispatch received here to-day from Omsk, where it was filed September 23, says that the Siberian troops, retaining their initiative against the Bolsheviks, had pushed their lines to within twenty miles of the Lobol River, immediately south of the Ishim railroad. The Third Army had approached to within forty miles of Kurgan after a hard battle in which four regiments of Red troops were reported to have been badly beaten and demoralized.

RESUMPTION OF FACTIONAL FIGHTING IN CHINA FEARED

Peking, Sept. 29.—Delayed.—The attempt to resume the conference between delegates from North China and South China at Shanghai is likely to prove abortive, the Southern delegates refusing to meet Wang I Tang, a representative of the Northern group, declaring that he is a representative of the reactionary militarist element.

The Peking Government asserts that if Wang I Tang cannot arrange peace between the two sections, no other representative can, inasmuch as he knows the extent to which concessions can be made by North China. A resumption of hostilities therefore is feared.

GOVERNOR-GENERAL VISITOR IN CITY; DUKE OF DEVONSHIRE, K.G.

GOVERNOR-GENERAL ON VISIT TO CITY

Inspections of Institutions Will Occupy Time of His Excellency

His Excellency the Duke of Devonshire, Governor-General of Canada, accompanied by the Duchess of Devonshire, Lady Dorothy Cavendish and Miss Egerton, arrived in the city this morning en route from Prince Rupert.

They were met at the wharf by Sir Frank Barnard, Premier Oliver and Mayor Porter. This is the second visit of the Governor-General to Victoria since his appointment, and for that reason formal addresses were dispensed with. During the two days, that His Excellency is in Victoria his time will be largely occupied with visits to official institutions, though many will have an opportunity at the Canadian club luncheon to-morrow to hear the Governor-General. On arrival to-day he proceeded to Government House.

To-day his engagements included a visit to the navy yard, the Esquimalt Military Hospital and Restaurant. The programme on the island is as follows:

At 7:30 p.m.—Dinner at Government House.

At 9 p.m.—Informal dance at Government House.

October 2—To-morrow
At 12 noon—Canadian Club luncheon.

At 4 to 5 p.m.—Garden party at Government House.

At 7:30 p.m.—Dinner at Government House.

October 3—Friday
At 10 a.m.—Motor to Cowichan.

At 1:30 p.m.—Lunch at Cowichan. Spend afternoon at Cowichan shooting. Dinner at Riverside Inn. Spend night at Cowichan.

October 4—Saturday
At 9 a.m.—Special train to Courtenay. Visit soldiers' settlement. Lunch on train.

At 7:30 p.m.—Arrive Qualicum. Stay night at Qualicum.

October 5—Sunday
At 10:30 a.m.—Motor to Nanaimo. At 12 noon—Take boat to Vancouver.

Lichtenstein Now Wishes Invitation to Join the League

Berne, Oct. 1.—(French Wireless.)—The Parliament of Lichtenstein, according to dispatches from that country, is about to appeal to the League of Nations to join the League of Nations. In its note the Government will ask the League to recognize the neutrality maintained by the country during the war.

SAYS MEXICO WILL TAKE GERMAN GOODS

Eckhardt, Former Plotting Minister to Mexico, Talks in Germany

Washington, Oct. 1.—Count von Eckhardt, whose activities as German Minister to Mexico during the war were credited as responsible for the strong pro-German sentiment in the southern republic, warns his fellow countrymen against emigrating to Argentina and Mexico until they are certain that conditions there are favorable for them, according to one of his recent lectures, a copy of which has just been received in Washington from Germany. Eckhardt boasts of his success in winning Carranza to the side of the Germans and is quoted as saying: "The country is still pro-German to-day and the sympathies for Germany will not be killed. What advantages we may derive from this predilection depends wholly upon our ability to inoculate into the Mexican people German culture and our keeping up the reputation we have gained for capability and trustworthiness. We must send capable men of character, knowledge and energy to Mexico, where they may do good."

ALEXANDER BERKMAN PROBABLY WILL BE DEPORTED FROM U.S.

Atlanta, Ga., Oct. 1.—Alexander Berkman, who was convicted with Emma Goldman for conspiracy to obstruct the army draft, concluded his term in the federal penitentiary here to-day and announced he would leave later for New York, where both will face deportation charges. Berkman is a native of Russia.

MR. LLOYD GEORGE IS ASKED BY CHAIRMAN OF THE LABOR PARTY TO SUMMON PARLIAMENT AT ONCE

ASK AN INDICTMENT AGAINST THIS CITY

Seek to Bring Rock Bay Bridge Question Before Grand Jury Here

Premier Leaves Matter to Judge in Absence of Mr. Farris

Alexis Martin, barrister-at-law, of this city, and F. A. McIlrath, a former solicitor for the City of Victoria and now resident in Vancouver as solicitor for the Union of British Columbia Municipalities, applied this morning to Premier Oliver, in his capacity of acting Attorney-General, for consent to an indictment against the City of Victoria to go before the Grand Jury, at the Assizes now in progress, on account of its failure to rebuild Rock Bay Bridge. Although acting as head of the Government's legal department during the absence of the Hon. J. W. de B. Farris, Mr. Oliver informed the learned delegation that as a layman he would prefer not to deal with the matter. Instead, therefore, the Premier replied that in the absence of the Attorney-General he would leave the question to be disposed of by the presiding judge, who also is in possession of the requisite judicial authority and by whom the request could be granted or refused.

ARRANGEMENT DID NOT MATERIALIZE

Mr. Farris May Yet Represent British Columbia at Board Inquiry

Negotiations to the end that the four western provinces would be represented by an eminent Toronto lawyer at the sittings of the Board of Commerce, in connection with its inquiry into the price of clothing and boots, have collapsed, according to a wire received by Premier Oliver from Attorney-General Johnson, of Manitoba, this morning.

It had been arranged for Manitoba, Saskatchewan, Alberta and British Columbia to have their respective cases consolidated in readiness for the Board's inquiry scheduled to commence in Toronto this morning. Mr. Johnson's wire this morning, however, has necessitated other arrangements being made at once. Attorney-General Farris left Ottawa on Monday night and a wire to his Secretary received this morning indicated that he would reach Vancouver on Saturday. It is presumed that he will pass through Winnipeg some time to-day, however, and a request by wire has been sent to the Attorney-General of Manitoba, who was responsible for the arrangements which have now failed to materialize, to catch Mr. Farris on his arrival at the prairie capital. It is quite possible, therefore, that British Columbia's case will be taken up in person by the head of this Province's legal department.

Failure to intercept Mr. Farris at Winnipeg will be followed by the making of other arrangements, immediately, so that there shall be representation of some sort in behalf of British Columbia.

William C. Adamson Urges Session be Held in View of Situation Created by Railway Strike; Transport Federation Delegates Meet

London, Oct. 1.—William C. Adamson, chairman of the Labor Party in Parliament and Leader of the Opposition there, has telegraphed to Mr. Lloyd George asking that Parliament be summoned immediately.

London, Oct. 1.—The meeting of delegates of the Transport Federation to-day to decide whether the 325,000 workers they represent should go out in sympathy with the striking railwaymen adjourned shortly before 2 p. m., to resume at 5 p. m.

A Government report on the situation, issued at noon, announced a continued improvement in conditions. The train service had been bettered, the communiqué asserted.

LORDS DOING SOME WORK IN BRITAIN

Unwonted Sight of Peers at Manual Tasks; Strike Is Cause

London, Oct. 1.—Social lines, which in the past have been rigidly held in the United Kingdom, have broken down, for the time being at least, as a result of the railway strike which this morning entered its fifth day. A duke was seen driving a motor lorry through the streets yesterday, while during the day an earl was in the chauffeur's seat in a motor heading a convoy of fish from Billingsgate.

The sixth Earl of Portarlington was among those whose names are found in the social register who were engaged in unloading perishable goods, milk and churns from a train, while at Paddington station Earl and Lady Froehde were among the workers. Frederick Henry Smith, son and heir of the first Baron of Colwyn, was the fireman on the Liverpool-London express when it rolled onto this city to-day.

JEWELRY WAS TAKEN BY TRAIN ROBBERS

Learned Now More Than Money Was Stolen in Quebec

Quebec, Oct. 1.—There have been further startling developments in connection with the robbery of the Ocean Limited train at Harlaku, Quebec, inasmuch as it is now known that besides the \$71,000 for which George Topping, J. T. Protau and J. E. Levasseur are jointly held, a package of jewelry mailed by the firm of Henry Birks & Sons, of Montreal, also was stolen on the morning of the hold-up of the mail car. Another sensational side-issue of the case is a threatened action for libel by Peter Bercovitich, K. C., against two Quebec newspapers for publishing statements which they attributed to Mr. Justice Langellier and in which the judge was quoted as criticizing Mr. Bercovitich for not turning the money over to the court immediately after he had found it.

More than 800 trains were run yesterday, inclusive of those in operation in the subway service. Additional railroad men had returned to work, it was declared.

"Arrangements have been made to replace the bus men and the tramway men should they strike," the statement announced. It was added that the movement of food was proceeding remarkably well.

It was expected before their meeting to-day that the transport workers would demand a general strike by all the trades, but J. H. Thomas, the railwaymen's leader, on entering the meeting, said he was still using all his influence to confine the dispute to the Government and the railwaymen.

Conciliation Possible.
Enormous crowds gathered outside Caxton Hall, where the transport conference was held. Whenever any of the delegates showed themselves they were asked by the onlookers how the proceedings were going. Most of the delegates so approached expressed the opinion that conciliation was possible.

Smillie's Opinion.
Glasgow, Oct. 1.—Robert Smillie, leader of the British miners and one of the sponsors for the movement demanding direct action at the recent Labor Congress here, predicted this morning that fifty per cent. of the manual workers of the country will be idle within a week. He declared he expected the mines, steel works, shipyard and all factories to shut down.

GERMANY WAS TOLD SHE MUST OBEY

Text of Allies' Note on Evacuation of Baltic Provinces

Washington, Oct. 1.—The State Department has made public the text of the note of the Supreme Council calling upon the German Government to comply immediately with the order of Marshal Foch requiring evacuation of all German troops now in the Baltic provinces under the penalty of an immediate restoration of the German blockade. The note said: "Under date of August 27, Marshal Foch, Commander-in-Chief of the Allied and Associated armies, made known that the time had come for Germany to evacuate these territories and summoned the German Government to proceed thereto immediately."

By its note of September 2, the German Government endeavored to evade the engagement by alleging a pretext which the Allied and Associated Powers were unable to consider.

Without Delay.
"The Allied and Associated Governments refuse particularly to admit that the German Government can, in order to avoid responsibility, incumbent upon it, shield itself by alleged inability to enforce obeyance of its orders by troops in regions. They therefore require the German Government to proceed to the evacuation of man troops, staffs and equipment now in the Baltic. The German Government immediately take the necessary steps."

FOREIGN TRADE OF STATES IS \$10,500,000,000 A YEAR

Washington, Oct. 1.—The trade of the United States with foreign nations has grown enormously and reached \$10,500,000,000 a year, with a balance in favor of this country amounting to \$4,182,000,000. Statistics for the year ended August 31, just issued by the Department of Commerce, show that the year's commerce exceeded that of last year by more than \$1,500,000,000. Exports for the year were \$7,415,000,000 and imports \$3,233,000,000.

DECLARES JAPANESE
AID THE STATES

T. Okada Says There Is
Wrong Prejudice Against
Immigration

San Francisco, Oct. 1.—Prejudice against Japanese immigration and consequent Americanization of the Japanese is founded on an incorrect interpretation of Japanese ideals, according to Takahida Okada, sent by the Japanese Government to study the Japanese situation in this country.

Okada, who is Governor of the Prefecture of Sagami, Japan, has just returned here from a visit to Japanese colonies in California and expects to proceed to Washington, D. C., soon. He said today that he believed the effect of the Japanese upon the civic and industrial life of California could not be other than beneficial, as the tendency of the Japanese here was toward the same ideals as those held by the native American. Okada declared there was a "strong desire among Japanese in the United States to learn American customs and traditions as well as the English language, and he hoped the immigration of Japanese women would soon be permitted.

"The Japanese do not desire to become affiliated in the political life of the country," he said, "but desire to devote themselves to art, science or agriculture pursuits."

Any occasional loss to the individual California farmer through Japanese competition, he stated, was amply repaid to the state in general through the cultivation of some arid lands.

HINDENBURG STATUE
TO BE DEMOLISHED

Berlin, Sept. 30.—Via London, Oct. 1.—The wooden monument to Von Hindenburg, which during the war was studied by the populace by nails, will be demolished this week, according to The Vossische Zeitung.

GOVERNOR WILL MEET
RETURNED SOLDIERS

Ex-Soldiers in Duncan District to Greet Duke of Devonshire

Duncan, Oct. 1.—All returned men in this district have been asked to report at 9.30 a. m. on Saturday next at the G. W. V. A. rooms here. The following telegram has been received by the G. W. V. A.:

"Duncan, B. C. 'Their Excellencies the Duke and Duchess of Devonshire will arrive in Duncan from Cowichan at 10 a. m. October 4. Will you please get in touch with the Mayor in order to participate in the celebration? His Excellency is very anxious to meet all returned soldiers. (Signed) 'CAPT. HENDY.'"

The Duchess has graciously consented to open a drinking fountain in Duncan, put in place by the Cowichan Blue Cross Society. She also will accept a gift by members of the Cowichan Women's Institute of an Indian basket filled with Cowichan flowers. The Duchess is honorary president of the Federation of Women's Institutes of Canada.

New Pigment. A. Burchett, R. A., has discovered a pigment of unexcelled merit in the soil of his own garden on Buena Vista Heights. Paintings in which this pigment has been used have received unanimous admiration. The quantity is unlimited and it is anticipated that this Cowichan pigment will be a sound commercial asset. Samples have been analyzed in Victoria.

Corpl. Hall Home. Corpl. J. E. Hall, of Duncan, has arrived home. During the past two years Corpl. Hall was engaged as assistant to Major W. H. Hayward. Previous to that time he had been in hospital for some months. After leaving Canada, Corpl. Hall's first service was in Bermuda. Later he was transferred to France.

Successful Dance. Fully 700 attended the dance given by the Agricultural Society on Saturday evening last. Music supplied by the band of the Foundation Company made dancing a treat. At the special wish of many present, Messrs. Kelway and Butterworth, who were at the ball gave some delightful duets in "two" of the intervals between dances. Supper was supplied by a committee representing the four women's societies which catered for the show. The Cowichan Institute, The King's Daughters, the Methodist and St. John's Ladies' Guilds. The proceeds, after deducting expenses for the three days' catering will come to over \$300 which will be divided equally among the four organizations.

Aerial Trips. During his three days' visit to Duncan Lieut. Brown took over fifty passengers in his aeroplane.

STRIKE TIES UP ST. JOHN REFINERY St. John, N. B., Oct. 1.—The Atlantic sugar refinery plant was shut down yesterday, the result of the decision of the employees' union to go on strike following the refusal of the company for an eight-hour day and ten cents an hour increase, bringing the minimum wage to forty-five cents an hour.

The men say they will make no move toward a conciliation board, as they have the company's word that it will not accept any award which grants more than five cents an hour increase, the company's compromise offer.

Nearly 500 men are involved, and the tie-up is complete.

Roads in Manitoba.

Winnipeg, Oct. 1.—Authorization for the construction of 277 miles of road under the Good Roads Board was announced yesterday. The approximate cost will be \$676,000. This will bring the total mileage up to 2,758 miles at a cost of about \$5,215,000, borne equally by the Province and municipalities.

PILES

Do Not suffer with itching, bleeding, protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certain cure you; etc. a box; all dealers or Ed. Mahan, 214-216, 218, 220, 222, 224, 226, 228, 230, 232, 234, 236, 238, 240, 242, 244, 246, 248, 250, 252, 254, 256, 258, 260, 262, 264, 266, 268, 270, 272, 274, 276, 278, 280, 282, 284, 286, 288, 290, 292, 294, 296, 298, 300, 302, 304, 306, 308, 310, 312, 314, 316, 318, 320, 322, 324, 326, 328, 330, 332, 334, 336, 338, 340, 342, 344, 346, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, 410, 412, 414, 416, 418, 420, 422, 424, 426, 428, 430, 432, 434, 436, 438, 440, 442, 444, 446, 448, 450, 452, 454, 456, 458, 460, 462, 464, 466, 468, 470, 472, 474, 476, 478, 480, 482, 484, 486, 488, 490, 492, 494, 496, 498, 500, 502, 504, 506, 508, 510, 512, 514, 516, 518, 520, 522, 524, 526, 528, 530, 532, 534, 536, 538, 540, 542, 544, 546, 548, 550, 552, 554, 556, 558, 560, 562, 564, 566, 568, 570, 572, 574, 576, 578, 580, 582, 584, 586, 588, 590, 592, 594, 596, 598, 600, 602, 604, 606, 608, 610, 612, 614, 616, 618, 620, 622, 624, 626, 628, 630, 632, 634, 636, 638, 640, 642, 644, 646, 648, 650, 652, 654, 656, 658, 660, 662, 664, 666, 668, 670, 672, 674, 676, 678, 680, 682, 684, 686, 688, 690, 692, 694, 696, 698, 700, 702, 704, 706, 708, 710, 712, 714, 716, 718, 720, 722, 724, 726, 728, 730, 732, 734, 736, 738, 740, 742, 744, 746, 748, 750, 752, 754, 756, 758, 760, 762, 764, 766, 768, 770, 772, 774, 776, 778, 780, 782, 784, 786, 788, 790, 792, 794, 796, 798, 800, 802, 804, 806, 808, 810, 812, 814, 816, 818, 820, 822, 824, 826, 828, 830, 832, 834, 836, 838, 840, 842, 844, 846, 848, 850, 852, 854, 856, 858, 860, 862, 864, 866, 868, 870, 872, 874, 876, 878, 880, 882, 884, 886, 888, 890, 892, 894, 896, 898, 900, 902, 904, 906, 908, 910, 912, 914, 916, 918, 920, 922, 924, 926, 928, 930, 932, 934, 936, 938, 940, 942, 944, 946, 948, 950, 952, 954, 956, 958, 960, 962, 964, 966, 968, 970, 972, 974, 976, 978, 980, 982, 984, 986, 988, 990, 992, 994, 996, 998, 1000.

OTTAWA EX-SOLDIERS
WANT \$2,000 PLAN

Big Mass Meeting Declare For
Gratuity to Returned
Men

Ottawa, Oct. 1.—Declaring in no uncertain voice approval of the \$2,000 bonus demand, a mass meeting of 2,000 returned soldiers here last night was addressed by J. Harry Flynn, president of the Returned Soldiers' Gratiuity League, of Toronto, and worked up to a high pitch of enthusiasm. The audience let down local speakers who opposed the plan and passed a resolution favoring the Calgary resolution, which asked that returned men who had served in France be given this sum by the Government. It was one of the most extraordinary meetings ever held in Ottawa.

Cheers. President Flynn had the crowd with him. Every mention of the \$2,000 was received with cheers, and when he said that the Government was lying when it said it could not afford \$2,000 bonus, it stamped its approval of the declaration of the speaker. The meeting with a mighty shout favored forming a Gratiuity League in Ottawa, although few members were enrolled, and carried unanimously the resolution calling for the payment of the bonus. There were loyal members of the Great War Veterans' Association who spoke against the flat bonus plan. They were listened to for a few minutes and then shouted down and could not get a hearing.

Mr. Flynn said the Government could pay it and that if it did not he would go from end to end of the country and organize the returned men into a "grand political power to dictate a platform which no Government could oppose."

Tax on Resources. He also had plans to raise the \$500,000,000 or \$600,000,000 required to pay the gratuity. "A two per cent. tax on the resources of this country," he said, "would give us the money, and in addition, would result in undeveloped resources being developed, give employment, increase production and reduce the high cost of living."

Col. John Currie, M. P., presided, and he was in favor of the \$2,000 scheme and said so. Both he and the Imperial Veterans' Association, while Sergt. J. Harry Flynn, of the Gratiuity League, addressed a meeting downtown.

E. H. Browne-Wilkinson, of the Army and Navy Veterans' Winnipeg unit, occupied the stand nearly all afternoon. He further outlined the demands of the organization for larger pensions for widows, dependents and disabled men, greater aid to re-establishment and equal treatment in regard to gratuities and training for Canadian who served with the Imperial forces.

Estimates. In the evening, Major Scharschmidt, of the Imperial Veterans, estimated the grand total required for proper re-establishment of all classes of ex-imperial service men at \$9,000,000.

Hon. J. A. Calder estimated it would be over \$13,000,000. This was for re-establishment of 50,000 men, of whom 20,000 had not gone overseas. Most of the latter were R. A. F. men, who had been held in Toronto.

Ex-Imperial Men. Ottawa, Oct. 1.—Arrangements have now been concluded by which ex-members of the Imperial forces who were pre-war residents in Canada and have since resumed residence in the Dominion are to receive pensions, medical treatment when necessary, vocational retraining, under the same conditions as now apply to ex-members of the Canadian forces.

On the other hand, ex-members of the Canadian forces now in the United Kingdom will come under the care of the British Ministry of Pensions and the British Ministry of Labor for such treatment as may be necessary, and will share in the benefits of retraining offered in the United Kingdom.

Pensions paid to ex-soldiers of the Canadian forces now resident in the United Kingdom will be at the Canadian rate, but treatment or training allowances will be paid to such men at the British rates.

Canadians now in hospitals in the United Kingdom will be taken care of by the Imperial Government, and provisions have been made to supply artificial limbs and appliances where necessary and for the renewal and repair of such limbs and appliances.

LIBERAL-UNIONISTS
STICK BY BORDEN;
WANT NEW POLICY

Ottawa, Oct. 1.—The consensus of opinion at the caucus of Liberal-Unionist members of the Commons held yesterday was that as the members were elected to support the Union Government, it was their intention to continue to do so, and the hope was strongly expressed that the Government would be able at an early date to evolve a progressive policy satisfactory to the country to meet the after-war conditions.

SAYS HYDRO-RADIALS
OPPOSED BY HEARST

In Ontario Election Campaign
Dewart Attacks Premier's
Attitude

Toronto, Oct. 1.—H. Hartley Dewart, K. C., M.P.P., Liberal Leader in Ontario, speaking at Liberal nomination meeting for South Ontario at Whitby yesterday declared that Premier Hearst was opposed to hydro-radial construction.

Mr. Dewart gave all credit to Sir Adam Beck for the hydro power and hydro-radial railways, and stated that the Liberal Party was for hydro development.

Mr. Dewart gave the press a rap. "The Liberal Party is not under any newspaper dictation," he asserted. "The day is past when some individual who happens to own a newspaper by inheritance or otherwise can dictate to the people of Ontario through a political party."

Sir William Hearst may not have any opposition in his own constituency, Sault Ste. Marie, unless the Labor Party puts a candidate in the field against him. Following the Premier's nomination on Monday night, a statement was made yesterday by Major Harry Hamilton that he had no intention of opposing Sir William Hearst.

Hamilton. The Hamilton Conservatives yesterday again nominated Dr. A. W. Dixon as their candidate.

The United Farmers of East Hastings have put Henry K. Denyes, a former County Councillor of Thurlow, in the field.

The United Farmers of Grenville nominated G. Payne, a former vice-president of the Conservative Association, as their candidate.

Liberal headquarters in Toronto state that the Liberals have fifty-two candidates in the field and by October 8 all Liberal candidates will have been nominated.

Not a Candidate. Cornwall, Ont., Oct. 1.—R. A. Shearer, who has represented Stormont County in the Ontario Legislature, yesterday notified the Liberal-Conservative Association in convention here, that he was not in the field for re-nomination.

GIRL IN VANCOUVER
MET DEATH STRANGELY

Vancouver, Oct. 1.—Found at the corner of Georgia and Hornby Streets in an unconscious condition suffering from a fracture of the skull, Doreen Raymond, aged twenty, died early yesterday morning.

The girl was discovered lying in the middle of the street by Norman A. Tulk.

Medical examination failed to reveal any marks of violence or indications that the girl had been hit by a passing vehicle. The belief of the authorities is that she fell on the pavement and struck the back of her head, causing the fatal injury.

TRAIN KILLED CHILD.

Yorkton, Sask., Oct. 1.—The Canadian Pacific Great West Express ran into an automobile occupied by J. Montie and his family, beheading one of his children, injuring the other occupants and demolishing the car. The other three children and Mrs. Montie are expected to recover. All are in hospital.

D'ANNUNZIO STATED HIS DETERMINATION

Told American Correspondent He Would Stay in Fiume

Fiume, Sept. 28.—Delayed—Gabriele D'Annunzio, the poet leader of the Italian forces in Fiume, received the Associated Press correspondent here this afternoon and gave to him a statement expressing his unalterable determination to hold Fiume until it is annexed to Italy.

"We are glad to see you in Fiume," he told the American correspondent. "We are here to stay until we are through with our task of having Fiume annexed to Italy. We will not leave under any consideration until our object is accomplished."

"You see the enthusiasm of the Fiume people to be annexed. You see that the people of Fiume are Italian. Our motto remains to-day as since the beginning of this enterprise—Fiume or death."

"We are willing to sacrifice all in our effort to gain what we believe to be just and right."

Works Hard.

D'Annunzio appeared tired. The last few days have imposed the severest strain upon him. He has been rising at 6.30 in the morning to commence the work of answering letters and drafting proclamations. This task is in addition to attending to his staff work.

During the interview D'Annunzio wore the uniform of a lieutenant-colonel, with five rows of ribbons, including those of sixteen medals for valor. The staff of the poet consists mainly of young men. Above the rank of lieutenant-colonel. Out of nineteen officers of the staff of D'Annunzio, seven wore the Italian gold medal for valor, of which only twenty-five were bestowed during the war.

Demonstrations.

Demonstrations occur virtually every evening in Fiume. Sometimes it is the Alpine mountaineers, sometimes the Arditi and Bersaglieri who get up a parade and march through town singing and cheering the D'Annunzio colors. The D'Annunzio troops are quartered in the schools of the city.

Only Excuses.

Paris, Oct. 1.—The Jugo-Slav bureau in Paris says it is authorized to declare that contrary to the assertions of Gabriele D'Annunzio, the Jugo-Slav Government never intended to enter Fiume by force and never made military preparations to that end. It adds that D'Annunzio's assertions are mere excuse for consumption abroad.

Collaboration.

Rome, Oct. 1.—The order closing the Jugo-Slav frontier led the chief of staff of the 26th Italian Regiment at Abbazia to interview Captain D'Annunzio, chief of staff and discuss measures to be taken. This resulted in the sending of some of Captain D'Annunzio's volunteers to hold the armistice line, according to The Epoca, which adds: "The event shows the cordial collaboration between the D'Annunzio troops and the regulars."

Protection Desired.

The Italians in Trau, Dalmatia, requested the Italian Government to send a ship to Trau for their protection, and also to obtain the release of prominent Italians arrested by the Serbians. The Government has replied that it cannot interfere with the maintenance of order in sections of Dalmatia entrusted to the care of the Americans, but that it will convey the appeal to the American commander-in-chief, Rear-Admiral Andrews.

"IT DID THE WORK FOR ME," ASSERTS FARMER WATSON

After Suffering Three Years Is Restored to Health on 'Short Time' by Tanlac

"When a medicine puts a man on his feet in such a short while, like this Tanlac has done me, there must be something back of it," said L. J. Watson when seen at Liggett and Pindley's Drug Store in Calgary, Alberta, the other day. Mr. Watson is a widely-known and prosperous farmer living near Midnapore, Alberta, about twenty miles south of Calgary.

"Yes, sir, Tanlac beats anything I've ever seen, and I know it's a fine medicine for it's remarkable how it has helped me," continued Mr. Watson. "It has done me good where everything else failed, and I can certainly 'O. K. it.'"

"For three years I was bothered with liver trouble, and with rheumatism across the small of my back. There was a pain, and a catch in my back that I couldn't get away from, and at times I would have to stop work. I suffered a great deal with my tongue would be coated. It was a treat to get a good night's rest for sleep was out of the question with me. As far as appetite was concerned I had none, and there was no need of a cook-around my house, for I had to force myself to eat every bite I took, and then it would nearly always upset my stomach. I tried every kind of medicine I knew of, but it did no good, and all the time my condition was getting worse, and I was losing in weight."

"I saw in the paper how Tanlac was helping other people who had troubles like mine—so I decided to give it a trial. Well, sir, it did the work for me, and I got rid of my troubles in a remarkably short time. My appetite came right back, and I'm almost ashamed of myself the way I eat. I haven't taken quite four bottles of Tanlac yet, and I've gained ten pounds in weight. My liver trouble and rheumatism have all gone, and I feel as husky as I ever did, and I used to do some heavy work, too. The biliousness has left me, and my tongue is never coated now. I can sleep like a boy, and get up in the morning feeling just fine. There's nothing in the world like Tanlac, and I just can't say enough for it."

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas Avenues.

VANCOUVER VOTERS DEFEATED BY LAWS

Three Money Measures Submitted to People Yesterday Were Beaten

Vancouver, Oct. 1.—All the money by-laws voted upon by the ratepayers of Vancouver yesterday were defeated. A straight majority was secured for but one, the by-law for the raising of \$253,000 for the construction of new school buildings, including a technical school. The vote on this was 1532 for the by-law and 1,488 against. The necessity for securing a three-fifths majority in the case of money by-laws killed this, however. There were 3,029 votes cast on this by-law. Sixty per cent. of this required 1812 votes out of the total to carry it and the result showed 280 votes short, on the basis of a total vote of 3,029.

The most unpopular by-law, judging from the vote, was the one calling for the expenditure of \$110,000 for the purpose of making and repairing streets in the city. The vote on this was 1614 against and 1,196 for. The "lowest straight" majority against a by-law was that on the one for \$102,300 for laboratories, equipment and additional school accommodation. The vote on this was 1,562 against the by-law and 1,468 for it, or thirty-four votes less than a simple majority.

Bad Time.

Around the City Hall last evening it was declared that had the School Board listened to the suggestion of the City Council and deferred the voting on the by-laws until the election, the school by-laws at least would have carried without difficulty. The question of when the by-laws should be submitted was for a time a contentious one as between the City Council and the School Board, with the School Board winning its point. The school authorities thought the by-laws would carry without any difficulty.

Fat That Shows Soon Disappears

Prominent fat that comes and stays where it is not needed is a burden; a hindrance to activity, a curb upon pleasure. You can take off the fat where it shows by taking after each meal and at bedtime, one Marmola Prescription Tablet. These little tablets are as effective and harmless as the famous prescription from which they take their name. Buy and try a box, and both you and your doctor will be glad to see you may write direct to the Marmola Company, 464 Broadway, New York, N. Y. You can thus say good-bye to dieting, exercise and fat.

BOARD OF COMMERCE BILL WAS PASSED

Commons Gave It Third Reading After Criticism of O'Connor

Ottawa, Oct. 1.—The Board of Commerce bill was given third reading in the Commons yesterday afternoon, but not before there had been fresh "attacks" on W. F. O'Connor, K. C., assistant chairman of the Board.

Donald Sutherland declared that if the Board should continue to make such rulings as it has made, the move from the country to urban circles would be aggravated. Referring to Mr. O'Connor's statement that his hands were tied, Mr. Sutherland offered the observation that "he was not tongue-tied."

Efficiency.

Frank Glass thought the members of the Board should demonstrate their efficiency and fitness for their duties before their salaries were fixed at the figures proposed.

R. L. Richardson asked the House to give the Board a chance to make good. The situation demanded action and the Government had done right in naming the Board. He thought the farmer members were trying to stand out with their constituents. S. W. Jacobs defended the Board, expressing the view that it was doing good work.

Wheat Board.

Sir George Foster's resolution, on which are based bills to continue in force for a time after the declaration of peace, the Wheat Board and the Board of Grain Supervisors, afforded agricultural representatives an opportunity to put forward their views.

The Minister dealt with the fixing of the price of Canadian wheat, emphasizing the point that while the Canadian farmers would receive anything above the fixed price of \$2.15 the United States farmers would receive the fixed price only. He held out the hope that there would be a considerable market overseas for the Canadian product.

The discussion developed into a criticism of Canadian millers rather than the measure under discussion. Donald Sutherland and others claimed that millers, by supplying farmers with adulterated cattle feed, were doing untold damage to agriculture in Canada.

Government's Work.

Mr. Robb said that the experience of the last two years had shown that the Government had not been able to handle wheat to better advantage than commercial bodies trained in the work. There was another feature of the day in which the Government had handled the grain and that was the preference which the Grain Corporation gave to the exportation of grain, rather than to products of grain. The Government was doing everything possible to throttle and destroy milling. Mr. Robb instanced a case, where he said the Government had undertaken to sell wheat to Canada. After making the sale, the Government could not get the wheat and commandeered one-half of the wheat in the millers' hands in Canada. The result was that bran and shorts went up in price.

No Expenditure.

In reply to a question by Mr. McKenzie, Sir George Foster said that the guarantees made by the Government had not involved it in any expenditure.

The resolution on the Board of Grain Supervisors was carried and a bill based on it was read a first time.

Sir George Foster said the Canadian Wheat Board was made up of good business men. He admitted that it would be better if the milling of Canadian wheat could be done in this country, so that Canada would get the benefit of the bran and shorts. However, as far as the 12,000,000 bushels to Greece was concerned, he could state that there would have been no sale unless Canada was willing to supply wheat.

Labor Member.

Ottawa, Oct. 1.—Labor will be represented on the Board of Commerce. Official announcement was made last night that James Murdoch, of Toronto, had been appointed a member of the Board to take the place temporarily filled by F. A. Acland, Deputy Minister of Labor.

The official notice said in part: "Mr. Murdoch has been for many years an outstanding figure in Canadian labor circles. He took a prominent part in establishing the Canadian Railway Adjustment Board in 1918, which did so much to ensure and maintain harmony and co-operation between the railway companies and their employees. For a year past he has strongly held the view that the cost of living should be controlled, and if possible, reduced, and that increasing wages only would never solve labor problems."

Sons Served.

"For the past fourteen years Mr. Murdoch has been an officer of the Brotherhood of Railroad Trainmen, and during most of that time the chief Canadian executive. He is a resident of Toronto. Two of his sons were in the war, and both are in the medical service. A fearless champion and leader in demanding full measure of justice for working men, he has, with equal determination, insisted on labor recognizing its responsibilities and obligations undertaken."

"Mr. Murdoch will enter upon his new duties in a few days."

At Edmonton.

Edmonton, Oct. 1.—With but two exceptions, retailers in Edmonton have disregarded the offer of the Board of Commerce that the retail profit on sugar shall be limited in all

prove that it is possible to be smartly dressed even on a rainy day. They have all the graceful lines that could be desired in their designing.

Because of their light-weight qualities they are easily carried. Some are belted and have the appearance of a weather-coat. Be prepared for the rainy season by investing in one of these smart coats at \$5.75 to \$35.00

With Grace and Slenderness of Line

Smart Suits in Larger Sizes

Few women wear suits to better advantage than women of larger figures. All the graceful, slenderizing lines and effective tailoring that designers study to portray appear in these suits in sizes 42 to 46.

The right waist length and arm size lend grace, while well cut shoulders and sufficiently wide skirts embody slenderizing effects hidden by means of panels, cleverly placed pleats and length of line in trimmings. Prices range \$47.50 to \$110.00

A NEW DELIVERY OF English Brushed Wool Sweater Coats

In shades of mauve, sage and grey, with collars and cuffs trimmed with contrasting colors. Very smart and exceptional value.

Price, \$22.50

New Styles in Slip-over Sweaters With Sleeves

At \$5.75, \$6.90, \$8.50 and \$9.00

Featuring a most extensive showing of new Slipover Sweaters in all the most favored colors and designs (with sleeves) and at prices that will prove most interesting, are ready for your inspection. Visit the Sweater Section tomorrow.

Umbrellas

At \$1.75 to \$9.75

We are well prepared for the coming rainy season with a most complete stock of Umbrellas that will give entire satisfaction. Good quality tops, mounted on strong steel frames, with plain and fancy handles, in black and all the most desired colors.

Children's Umbrellas, for school use, at \$1.50 and \$1.75

Graceful Lace Vests and Jabots

Are Becoming With Fall Suits

These new Lace Vests and Jabots are very smart, because they are not over elaborate. But the moment you place one in your coat or about the throat, the becoming way they have of dressing up an otherwise plain suit is quite another matter. Selling at \$2.50 to \$5.75

cases to one cent a pound, based on last listed price at the refinery plus freight charges, according to information presented to the special board inquiring into the sugar shortage in this city.

S. W. Field, local representative of the Board of Commerce, began his investigation into the high cost of living yesterday.

One case of profiteering was charged, where sugar was sold at 20c a pound last week to chance customers and at two pounds for 35c to regular customers.

At Regina

Regina, Oct. 1.—A dozen dealers engaged in handling sugar, several confectioners and one retailer gave evidence yesterday before the Board of Commerce here. Unanimity featured the evidence. There was no hoarding of sugar, everybody said, and the profits allowed to the wholesalers and the retailers were less than the cost of doing business. H. G. Smith stated that his costs were nine per cent, and he was allowed only five per cent. Cameron & Heap's manager claimed eight per cent, as his cost of doing business, and also wanted the sugar profit set at seven per cent. Both thought the retailers lost money on handling sugar at a cent a pound profit.

EDWARD F. HEBDEN DIES IN MONTREAL

Montreal, Oct. 1.—Edward Field Heben, former managing director of the Merchants Bank of Canada, died yesterday. He was born in Hamilton, Ontario, April 29, 1851.

Plumbing and Heating

It will pay you to get an estimate from us on your plumbing and heating work. We have a large stock to select from and the best grade of material at the lowest price.

THE GOVERNOR-GENERAL HERE.

Victoria, which last week welcomed with exceptional enthusiasm the Prince of Wales, to-day has more distinguished visitors in the persons of Their Excellencies, the Governor-General and Duchess of Devonshire, and party, who have been touring Western Canada. This is the second time the present Governor-General has visited Victoria, the first being in November, 1917, when His Excellency took advantage of the occasion to inspect various places of interest on Vancouver Island.

The Duke of Devonshire has discharged the duties of vice-regal representative in Canada in a way which has won the respect and esteem of the Canadian people, and thus has proved a worthy successor to the many able and distinguished men who have filled this high office. By his tact and breadth of view and the genuine interest he has shown in Canadian affairs and the grave problems of the moment he has entered most intimately into the spirit of the country, and fully vindicated the wisdom of the British Government in choosing him as His Majesty's representative at Ottawa.

THE MORAL FACTOR.

In his book on the war General Ludendorff says loss of morale and disintegration developed first at home and then spread to the German army. This process had been going on for a considerable time prior to the German defeat in the field notwithstanding everything he could do to arrest it. He bitterly reproaches the German Government of that time with its failure to deal drastically with Prince Liebowitzky, the former German ambassador to London, after the publication of the Prince's memorandum charging Germany with responsibility for the war, and declares the disclosures wrought irreparable harm. So pronounced has this loss of morale become in Germany that when the great German offensive was brought to a standstill in July, 1918, Ludendorff realized that it would be impossible to maintain a defensive campaign and urged that negotiations for peace be initiated. There were divisions, he said, which refused to fight, while on one occasion soldiers who were being withdrawn from the lines jeered and booed others who were advancing to the front to take their places.

Ludendorff, whose narrative lacks nothing in frankness, does not appear to realize the inevitability of what had happened in Germany. The loss of morale to which he refers simply meant that Germany was "blowing up," to use a sporting expression. This was the logical sequel to a policy which had destroyed the moral sense of the country and perverted the public mind. Real morale Germany never had; otherwise she would not have started to go to pieces immediately she began to realize that she might lose the war. Her fighting ardor was the product of stimulants. She was kept going by reports of victories, real and fictitious, by celebrations, by appeals to hatred, by the sedulously propagated impression of invincibility. As time went on, however, the doses had to be increased and finally when they were found to be inadequate to counteract the knowledge of what actually was taking place in the field and on the sea there was nothing for the spirit of resistance to stand upon. There was no moral foundation, for Germany's cause was thoroughly rotten and the serene confidence and faith which spring from spiritual factors were entirely absent.

Faith in the ultimate victory of right, notwithstanding temporary vicissitudes, could have no place in the German mind, which had been debauched with the belief that victory belonged only to might regardless of all considerations of rectitude, humanity and honor. If Germany had been confronted with a situation such as that which the Allies met so resolutely in the early weeks of the war she would have collapsed, just as she collapsed in the fall of 1918 when she had to meet a situation similar to that which Great Britain and France had met undauntedly in the same year from March 21 to July 18. In fact she began to totter after the mad dynastic gamble at Verdun and during the first battle of the Somme, and would have gone under early in 1917 had it not been for the Russian revolution.

Ludendorff, writing as a typical Prussian officer, cannot understand these moral factors or appreciate the fact that no matter what the German authorities might have done to arrest the tide of disintegration, it was inevitable, for it was the certain, inexorable outcome of the Prussianization of Germany which had been begun many years before, and which could lead nowhere else than to the war and Germany's downfall. In all this there is a lesson for militarists which never should be forgotten.

A CHANCE FOR VICTORIA.

Several by-laws involving the expenditure of public money came to grief at the hands of the Vancouver ratepayers yesterday. Except in one case all were defeated by straight majorities. The exception was a by-law to authorize the raising of upwards of \$200,000 for the construction and equipment of a technical school in conformity with the policy of Federal aid. The vote was an exceedingly small one, there being 1,532 cast in favor of the by-law and 1,488 against, or 280 votes short of the three-fifths majority necessary to carry it.

As announced by The Times recently it was

the intention of the Provincial Government to contribute \$50,000 towards the construction and equipment of a technical school in the city of Vancouver, \$25,000 of which would represent the Dominion Government's contribution on the dollar for dollar basis with the Province. An additional grant also was promised by the Government amounting to \$13,000 in respect of additional payment for technical school teachers. Vancouver's allocation, therefore, would have been \$63,000 if the by-law submitted to the ratepayers yesterday had been approved.

Vancouver was selected as the most appropriate centre at present for the establishment of British Columbia's first technical school. The ratepayers of the Terminal City have decided otherwise. Yesterday's test of public sentiment on the question appears to have gone against the proposal, although it is quite likely that the majority of the people in Vancouver will regard the result with considerable disfavor. The official verdict remains, however, and the city of Victoria will now have an opportunity to qualify for the Government grant and get the first technical school for herself.

MUST HE BE A LAWYER?

During the absence of Mr. Farris in England the post of Attorney-General was filled by the Premier, and in an action in a Vancouver court yesterday the question of whether a Cabinet Minister who had not been called to the Bar could legally act in that capacity, arose.

This is a matter for expert legal opinion to determine, but unless there is some statutory provision requiring the portfolio of Attorney-General to be filled by one who has been called to the Bar it is difficult for a layman to understand why any person cannot legally hold the office, whether he be a lawyer or not, so long as the constitutional requirements governing his appointment as a member of the Cabinet are satisfied.

The Constitution Act says: "It shall be lawful for the Lieutenant-Governor in Council to appoint any member of the Executive Council holding a salaried position, as Acting-Minister in the place of any other such person while such person is absent from the Capital or unable from illness to perform the duties of his office, and all acts of any such Acting Minister shall have the same effect as if done by the Minister."

The Act creating the Department of the Attorney-General and setting forth the duties of the departmental head does not specifically say that this Minister shall be a lawyer who has been called to the Bar. It states that "he shall be the official legal adviser of the Lieutenant-Governor and the legal member of the Executive Council" and that "he shall see that the administration of public affairs is in accordance with law," besides performing other duties, but this should not mean that he should be a duly-admitted barrister. This is to say that while constitutionally he is the adviser of the Government on matters of law, he may be the agency through which that advice is given regardless of its actual source. The Minister of Mines advises the Government on mining matters, but he does not have to be a miner. Like the Attorney-General, whether he be a lawyer or not, he is guided largely by the officials of his Department.

PLANK NUMBER THIRTEEN.

Plank No. 13 in Mr. Bowser's platform reads as follows: "Present aid to returned soldiers is impracticable and therefore a policy which would be effective at once should be introduced to give them every reasonable and effective assistance and to aid in their being permanently settled." The fact that this plank is numbered "13" is ominous. Is it possible Mr. Bowser catalogued it thus by design? Its terms suggest that he found it quite an effort to remember the returned soldiers in his platform at all. Twelve long planks already had been nailed in their positions before his sympathetic concern manifested itself on behalf of the warriors who took a very definite part in writing "finis" to his own regime. "What shall I say on this subject?" probably mused the ex-premier, as he labored on his platform. "The Government has done everything it could do short of relieving the Dominion of British Columbia's share of repatriation altogether. What is there left for me to promise?"

Suddenly, maybe, he realized the significance of the number: "Number Thirteen," he must have chuckled to himself. "I have it," and then proceeded to incorporate the cryptic provision we have quoted. If there is anybody, outside of Mr. Bowser himself, who knows what that plank means or the amount of benefit the returned man would derive from its application, we are ready for enlightenment. It might be worth arranging an interpretation contest.

WHICH ARE THE SEVEN SEAS?

(From The London Chronicle.)

That there is magic and mystery in numbers is an ancient tale; and the fact is confirmed to-day by a correspondent asking: "Which are the seven seas?" Kipling, it is presumed, knows well enough; but does the public in general know? Upon inquiry, there appears to be a common consensus as to six of the seven, these six being the Atlantic, the Arctic, Antarctic, Pacific, Mediterranean and Indian. And just as the ancients, agreeing on six, were divided upon the seventh wonder of the world (some voting for the Pharos of Egypt, others for the Palace of Cyrus), so there is doubt as to whether the seventh sea be the North Sea or the Baltic. If the ordinary seahell was asked to nominate the seven seas (writes a correspondent) they would, in nine cases out of ten, be: North and South Atlantic, North and South Pacific, Indian, Mediterranean and Baltic. Except by the now rare whaler, the Arctic and Antarctic are seldom visited and do not come into the catalogue. The North Sea is merely a bit of the North Atlantic, but the Baltic, like the Mediterranean, is sui generis.

"The Seven Seas," a correspondent reminds us, exist in Hindu mythology, to which Kipling may have gone for his well known title. According to the Puranas, the earth is circular and flat, like the flower of a water lily. Its circumference is 4,000,000 miles. In the centre is Mount Sumeroo. On this mountain are three peaks formed of gold, pearls, and precious stones, where the deities reside. At its base are three mountains, on each of which grows a tree 8,000 miles high. The further, most country from these mountains is bounded by the salt sea. Beyond this sea there are six others of sugar-cane juice, of spirituous liquors, of clarified butter, of curds, of milk, and nectar. Each sea is surrounded by a separate continent.

REORGANIZATION OF DOMINION'S ARMY

High Posts Affected by Bill Introduced To-day in Ottawa

Ottawa, Oct. 1.—Major-General Mewburn in the Commons yesterday afternoon introduced a bill to amend the Militia Act. The purport of the bill is to repeal certain sections of the Militia Act providing for the appointment of several officers, the General Officer Commanding, the Chief of the General Staff, the Master-General of Ordnance, the Adjutant-General and the Quartermaster-General. It was proposed, the Minister of Militia said, under the re-organization of the militia to do away with certain of these offices. The bill was read a first time.

Mr. Maharg referred to pressed reports that the work done on the Hudson's Bay Railway was going to pieces from neglect. He asked what the Government intended to do.

Sir George Foster promised to submit the question to the Minister of Railways.

BANK CLEARINGS

Winnipeg, Oct. 1.—The bank clearings in the principal cities of the Dominion for the month of September, 1919, as compared with the corresponding month last year, were as follows:

	1919.	1918.
Montreal	\$498,955,911	\$385,000,568
Toronto	258,890,250	260,979,193
Winnipeg	218,769,121	133,585,533
Vancouver	59,519,368	52,006,202
Ottawa	44,194,407	27,932,454
Calgary	44,194,407	27,932,454
Hamilton	26,588,242	21,188,578
Quebec	13,488,313	9,986,936
Edmonton	19,891,838	13,797,739
St. John	12,168,620	9,514,347
Victoria	10,544,780	8,714,852
Saskatoon	9,052,260	6,587,690
Moose Jaw	8,070,552	5,750,429
Brandon	3,428,780	2,309,380
Brantford	4,955,278	3,363,584
Ft. William	3,880,159	2,764,434
Lehrbridge	3,451,408	2,923,088
Medicine Hat	1,744,211	1,744,211
N. Westminister	2,501,600	2,163,178

STORAGE REGULATION IN UNITED STATES

Washington, Oct. 1.—Additional legislation recommended by President Wilson as a means of reducing the cost of living in the United States was passed yesterday by the House and sent to the Senate. It would limit the time of holding foodstuffs in storage to twelve months, and require that when released, such food be plainly marked with the date it was placed in storage.

SAYS MEXICO WILL TAKE GERMAN GOODS

(Continued from page 4)

honor to the name of Germany and Hamburg. Then we will be able not only to get our old connection back, but also to see them grow and expand."

Pro-German. Eckhardt further asserts that Carranza became wholly pro-German after the Battle of Skagerrack, "although he did not openly proclaim the fact."

The former Minister outlines the various steps taken at his direction in Mexico to "develop a system of far-reaching propaganda in behalf of the German commonwealth." These steps, as he enumerates them, included publication of a newspaper giving the German official communications and of German books, staging of German plays, introduction of German music and the establishment of a German school.

American Activities. "The Americans," the former Minister adds, "are striving to obtain for themselves the whole Mexican market and are carrying on commercial espionage quite openly. American success will only be of a passing nature. German goods will again be imported, and at higher prices. But the American competition must not be treated very lightly. It is desirable that the German exporters pool themselves in order to enable them to have a store in common in Mexico."

PRESENTATION TO MR. AND MRS. BOWSER

Vancouver, Oct. 1.—A sterling silver tea service, suitably engraved, was presented to W. J. Bowser, M.P.P., and Mrs. Bowser at an event in the ballroom of the Hotel Vancouver last evening after the convention of the British Columbia Conservative Party.

The chair was occupied by S. L. Howe, the provincial president, who stated that the token was the most valuable gift of the delegates to the convention. Walter Leek, the president of the Vancouver Conservative Association, who with Mrs. C. B. Hume, of Revelstoke, had been chosen to make the presentation explained that the gift had been prompted by thoughts of loyalty and appreciation of the valuable services of Mr. Bowser for the Conservative Association of British Columbia, and asked Mrs. Bowser to accept the offering with the kindest thoughts of the gathering. On behalf of the ladies, Mrs. Hume presented Mrs. Bowser with a lovely bouquet of pink and white carnations tied with pale pink ribbon. A theatre party brought the evening to a close.

HARDWARE DEPARTMENT OFFERS MANY LABOR-SAVING DEVICES

To lighten the labor of wash day—that is to-day's message from our hardware department. For health's sake and for the sake of your clothes smooth-working wash day aids are essential. All of the items listed below are of durable quality and in keeping with this store's minimum price policy every item has been marked at the most moderate figure possible.

Washing Machines

No invention for use in the home fills such a long-felt want as the automatic washing machine. Its use prolongs the life of clothing for it substitutes a fibre-destroying rub for a persistent motion that cleanses beautifully.

There are many models here, hand-power, water-power or electric. Prices \$9.90 to \$121.50

Wringers

Strong Wringers, with 11-inch rolls. Extra value at \$6.75. Wringers carrying a maker's guarantee. Rolls 12 to 16 in. wide. Prices \$14.00 to \$11.50

Sundries

Ironing Boards with folding stands, \$4.00 to \$2.25. Clothes Racks, \$2.00 to \$1.35. Tub Stands \$2.70. Mops, Brooms and Small Brushes at low prices.

GERMANY WAS TOLD SHE MUST OBEY

(Continued from page 1.)

withdraw within the aforesaid boundaries all German officers and soldiers who have enlisted since demobilization in the Russian corps organized in the said Baltic provinces, and shall withhold authorization for and strictly forbid enlistment in the said corps. Evacuation must be started immediately and must continue without interruption.

No Foodstuffs.

"The Allied and Associated Governments hereby notify that unless they are satisfied their demands are being effectually executed they will not entertain any of the applications put forward by the German Government for the supply of foodstuffs and raw materials. They have consequently given instructions not to proceed with the execution of any of these applications."

Furthermore, the Allied and Associated Governments will refuse all financial facilities which the German Government is enjoying at the present time or which it is seeking from the Allied and Associated Governments or their nationals.

"In the event of non-compliance on the part of the German Government, the Allied and Associated Governments will take such measures as they will judge necessary to enforce the aforesaid terms of the armistice."

MR. LLOYD GEORGE IS ASKED BY CHAIRMAN OF THE LABOR PARTY TO SUMMON PARLIAMENT AT ONCE

(Continued from page 1.)

In Ireland.

Dublin, Oct. 1.—The Irish railwaymen are still awaiting instructions from the National Union of Railwaymen. There is a great congestion of goods here, ships having cut down their service between Ireland and England. A number of firms threaten to close at the end of this week. It is reported that mail and special trains are to be cancelled.

At Liverpool.

Liverpool, Oct. 1.—Consternation prevails here as a consequence of the order of the United States Shipping Board stopping the clearance of vessels for the United Kingdom, owing to the railway strike. Officials of the British Atlantic liners declare they will not suspend their sailings and will do their best to maintain the volume of food imports as long as they obtain coal.

The Real Issue.

London, Oct. 1.—Mr. Vaughan, former Premier of South Australia, writes to The Times to-day stating that the British railway strike is not a question as to wages or hours, but an issue as to whether the will of the people as expressed in Parliament is to prevail.

He declares that the strikers should be asked to return to work immediately on an understanding that the Government will forthwith introduce a bill, already promised by Mr. Lloyd George, establishing a minimum wage in all industries with an arbitration tribunal patterned after

those which operate under the Le-mieux Act in Canada.

Engineers Not Striking.

London, Oct. 1.—The members of the Amalgamated Society of Engineers yesterday decided against a strike. It was stated, however, mechanics must refuse work previously done by members of the National Union of Railwaymen.

The men of the Severn Tunnel branch of the National Union of Railwaymen yesterday gave the Government forty-eight hours' notice to withdraw the military guard guarding the tunnel. Unless the troops were withdrawn the pump men would be called out, it was declared.

Protection.

The Ministry of Labor announced yesterday afternoon that the Government would undertake to afford every protection during the crisis to railroad men who continue to work or go back to their positions. It would also safeguard their interests as railroad men, the Ministry declared.

clared, against any measure or prejudice to which they might be exposed owing to their action.

The Government's intention to keep open at all costs the principal railway arteries of the country upon which food trains run and to which passenger coaches are attached, was announced. These routes comprise those between London and Birmingham, Manchester, Liverpool, Plymouth, Hull, Bristol, Southampton, Plymouth and Dover.

INDUSTRIAL TRUCE

St. Louis, Oct. 1.—Increased production as a means of settling the present industrial unrest and the declaration of an industrial truce for six months as a method of reducing the cost of living, were suggested by W. P. G. Harding, Governor of the Federal Reserve Board, in an address before the convention of the American Bankers' Association to-day.

An Unusual Recital

Empress Hotel Ballroom, Tuesday, Oct. 7.

Miss IDA GARDNER

Celebrated Soprano

Assisted by HAROLD LYMAN, Flutist

in person will sing "Songs that Canadians love" and prove to you that there is no difference between her magic voice and Mr. Edison's Re-creation of it.

Admission will be by cards of invitation only, which can be obtained without charge by applying to the address below. Call early, as invitations to the seating capacity only will be issued.

W.C.T.U. HOME POUND PARTY YESTERDAY

Mrs. David Spencer Received
Visitors at Annual
Affair

Unfavorable weather detracted somewhat from the success of the annual Home Pound Party held at the W. C. T. U. Home For Friendless Women and Girls, yesterday afternoon. In consequence the number of visitors was considerably less than usual, much to the disappointment of the matron, Mrs. Inglis. Those who attended, however, displayed lavish generosity and the matron and the Home committee are very grateful for the timely and welcome gifts.

Mrs. David Spencer, who has been president of the Home Committee since its establishment, over a quarter of a century ago, was again in attendance, welcoming the visitors as they arrived. With her were the following members of the committee: Mrs. Burkholder, Mrs. J. Harvey and Mrs. Mitchell, while Mrs. Gee presided at the receipt of custom, taking charge of the gifts as they arrived. Tea was served in the cosy sitting room during the afternoon.

A number of the visitors seized the opportunity to inspect the Home, and expressed their admiration of its home-like comfort and spotless cleanliness. The first thing which strikes the casual visitor to the Home is its cheery, homelike atmosphere and the absence of that "institution" air so apt to prevail in similar homes.

During the past five years the Home has had a rather hard struggle owing to the divergence of the money of the charitably inclined into the channels of the various patriotic causes. The ever-lasting living costs, too, are no less of a hardship to the Home than to the ordinary household. It was in an endeavor to offset these handicaps that the annual Home Pound Party was instituted, and is the only occasion during the year on which an appeal is made to the general public. Would-be donors, however, who were prevented by the weather from attending yesterday afternoon will find that their gifts will be gratefully received at anytime by the Matron.

Joan at Halfway

By Grace McLeod Rogers, Published by McClelland & Stewart, Toronto.

Her stories incorporated into the school readers of three countries—Canada, New Zealand and Old Scotia, widely used also as supplementary reading both in Canada and the United States—that was the recognition won by Mrs. Rogers' first volume, "Stories From the Land of Evangeline," folklore of early Nova Scotia, the Acadia of Indian legends and of conflicts between the English and the French.

These skillfully wrought tales, the rare beauty of which was recognized in this way, were written when Mrs. Rogers was Grace Dean McLeod. In 1891 she married D. H. W. Rogers, barrister, now Major of Amherst, Nova Scotia. Her strong love of her home and her faithful adherence to her conception of her duties as wife and mother, caused her charming pen to remain for years silent, although her talents seemed to call her to public service. Now that her domestic cares are lessened and Mrs. Rogers is able again to apply herself to the cultivation of her literary talents we may look for more frequent contribution from her.

Mrs. Rogers has contributed occasionally to magazine literature. She is interested in religious and educational matters and a frequent speaker at Canadian Clubs, Universities and denominational gatherings both in Canada and the United States.

The first address given by Mrs. Rogers was on "Women Workers of Old." Already well known from her writings she made her first appearance as a speaker at St. John and in her enthusiastic contribution she portrayed the story of the early women of Bible history, in the purest and most expressive diction, and held her audience spell-bound from her initial utterance to the glowing climax on motherhood in Elizabeth and Mary at the opening of the New Testament story.

Her successful collaboration with Mrs. George Churchill, editing "Letters From My Home in India," revealed another side of her literary genius, and the breadth of her talent as a writer is still further shown in her recently published novel of Nova Scotian life, "Joan at Halfway."

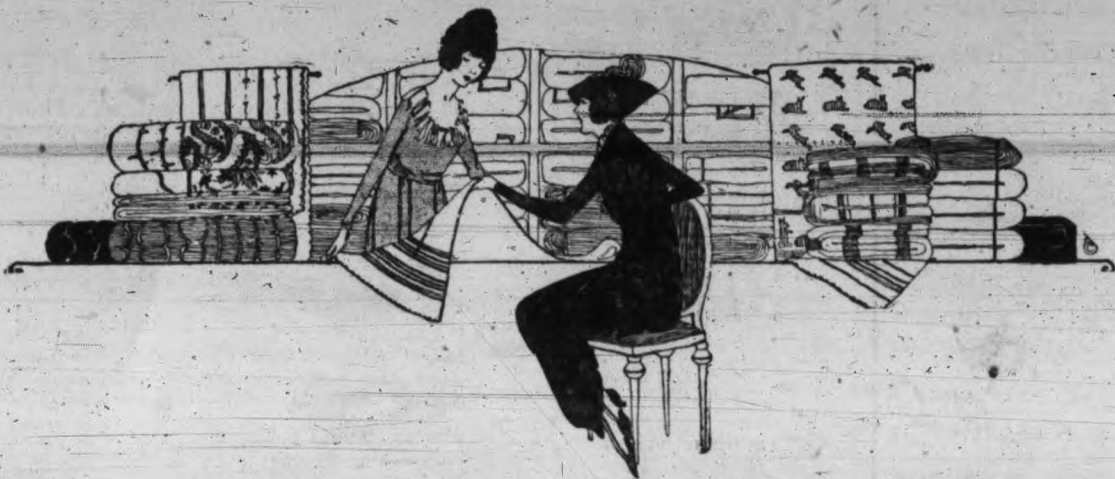

When orphaned little Joan Wisdom came to Halfway to live with her great uncle Garratt Wisdom, she found an air of mystery surrounding the strange old house near the sea. Uncle Garratt was a rheumatic autocrat, and Joan's glimpses of the world beyond were rare, yet she met with other characters some quaint, some mysterious, and some very lovable. "Halfway"—what a world of things to think about is gave to sixteen-year-old Joan! There were the locked doors of secrecy and buried hurt and the anger of old Wisdom, quarrels, the hereditary gypsy curse of the thirteenth that was to fall upon every male in the Wisdom line of promise.

"Sons' sons and daughters' sons. But son's son shall end it." Then there were the other Wisdoms of whom she must not speak, and whom she must never see—how she longed to know them! How Joan lifted the curse of Romany and reunited the proud Wisdoms is a story woven of romantic legends from the "land of orchards."

Store Hours: 9 a.m. to 6 p.m. Wednesday, 1 p.m. Saturday, 6 p.m.

Opening the Fall Bedding Season With an Extensive Stock of Eiderdown Comforters, Woolen Blankets, Flannelettes and Bathrobe Materials

One of the Best Bedding Stocks We Have Ever Opened the Fall Season With

We know we have just reason to be proud of our new bedding stock this Fall. Its comprehensiveness, its values, would do justice to any large store serving a population many times greater than that of Victoria.

For several months we have been assembling this stock from England, Scotland, America and from our own Canadian mills. Some of our contracts were placed a year or more ago. Our present prices, therefore, are based on values that prevailed at that time. We suggest that you share the benefits of our extensive, careful buying by placing your orders for your Fall needs with us now.

Eiderdowns and Comforters Offering the Most Varied Selection on the Coast

Our selection of eiderdowns was based upon years of experience, and we are therefore in a position to supply you with eiderdowns that harmonize most fittingly with the other furnishings of your rooms, both in colors and qualities. Each quilt is covered with fine grade sateens, satins and art cambrics, panelled, ventilated and quilted, in the following sizes and prices:

Sateen and Cambric Covered—Cotton wool filled; in sizes 5 x 6, 5½ x 6 and 6 x 6. Priced according to quality at from **\$6.75** to **\$18.50**

Sateen, Satin and Silk Covered—Eiderdown filled; full size. Priced according to quality at, each, **\$14.75** to **\$40.00**

Our Blanket Values are Remarkable in the Light of Present Day High Prices

When you consider that blanket prices are still going up at the mills, and you study our prices, you will realize what splendid values you are being offered, and appreciate the manner in which prices are being kept down to the lowest through our system of buying. Our stock of blankets represents the best English, Scotch, American and Canadian makes. A size and quality for any bed, and a price to suit any purse.

White Wool Blankets—With sufficient cotton to prevent shrinkage; in even weaves. At, a pair, **\$9.75**, **\$11.50** and **\$12.75**

Grey Blankets—In all weights and qualities, and in light and dark shades of grey. Priced according to quality at, a pair, **\$3.75** to **\$15.50**

All-Wool Blankets—In splendid qualities and good weights; sizes 68 x 86, 70 x 90 and 72 x 92; weights range at seven, eight, nine and ten pounds to the pair. At **\$15.75** to **\$30.00**

All-Wool Crib Blankets—In white; size 34 x 44. At **\$4.75**

A Splendid Offering of Flannelettes

The increasing demand for flannelettes is no doubt caused by the high prices prevailing for all woolen goods. Flannelettes are now being used for the manufacture of many garments that were usually made from all-wool fabrics before the war. This great demand for flannelettes has caused the prices of these materials to rise rapidly too, so that in many cases present mill prices are actually higher than our retail prices. You will therefore find it profitable to purchase your present Fall needs from our fine assortments of flannelettes, offered at the following prices:

White Flannelette—Twenty-three to thirty-six inches wide. At, a yard, **20¢** to **75¢**

Striped Flannelettes—At, a yard, **35¢**, **40¢** and **50¢**

Best English White Flannelette—Thirty-six inches wide. At **65¢**, **70¢** and **75¢**

Canada's Best Quality—Thirty-six inches wide. At, a yard **50¢**

Famous Beacon Blankets, Bathrobe Materials and Children's Fancy Blankets

Made by the premier mills of America, in grades superior in softness of texture, attractiveness of design and richness of colorings.

Recently we received notice from these mills that for the present they would be unable to accept any further orders for this class of goods. Fortunately our big Fall stock arrived early, which permits us to fill your orders at once. In the following lines:

Bathrobe Materials—Twenty-seven inches wide; in pretty designs and useful qualities. At, a yard **60¢**

Beacon Bathrobe Materials—That make up nicely in the prettiest of dressing gowns; twenty-seven inches wide. At, a yard **\$1.15**

Fancy Baby Blankets—In pink and blue grounds, with white, animal, bird or floral designs; in three grades. At, a yard, **\$1.25**, **\$1.50** and **\$2.25**

Crepe de Chine Waists That Are Ideal in Style, Rich in Quality Selling at Each \$5.75

A recent shipment makes it possible for us to offer you these rather superior values in rich crepe de Chine waists that are handsomely styled and finished most attractively, as the following descriptions will verify:

A waist of rich, heavy crepe de Chine, made with a convertible collar that looks equally smart worn either high or low. It has full-length tucks down the front and fastens with white pearl buttons. Many pretty shades are presented in this waist, including maize, flesh, white and black.

Another very attractive style in crepe de Chine has a new and pretty vestee effect outlined with hemstitching. The collar is round, with a square neck effect, and the full-length sleeves are finished with double turn-back cuffs. This style is presented in shades of rose, flesh and maize.

These waists are exceeding good value at, each **\$5.75**
—Waists, First Floor, Douglas

Women's Flannelette Garments For Chilly Weather Wear

With the coming of the first chilly days and nights your thoughts will naturally turn to warmer clothing, and incidentally you will think of flannelette and its warmth-giving nature. It is now you will find in our well-assorted stock of flannelette garments the service you can fully appreciate.

Nightgowns—Made from excellent quality flannelette, in slip-over styles, neatly finished with a feather-stitching; heavy, warm garments. At, each **\$2.00**

Underskirts—Of flannelette, neatly trimmed with linen lace and fancy stitching. Selling at, each **\$1.25**

Nightgowns—Made from soft white flannelette, designed in extra large sizes. At from **\$2.50** to **\$4.50**

Corset Covers—Made in a good weight flannelette and nicely trimmed with linen lace. Fine value at, each **65¢**

Bloomers—In flannelette of heavy quality; neatly made and edged with linen lace; all plain styles. At, a garment, **\$1.25**

You will find this showing of flannelette garments in the Whitewear Section.

A BEDTIME STORY

UNCLE WIGGILY GOES SLIDING.

Copyright, 1919, by McClure Newspaper Syndicate.
(By Howard R. Garis.)

Uncle Wiggily Longears, the bunny rabbit gentleman, was sitting in his hollow stump-bungalow reading the paper one morning, when he heard a knock on the door.

"I'll go see who it is," offered Mr. Longears, for Nurse Jane Fuzzy Wuzzy, his muskrat lady housekeeper, had her paws in the bread dough, getting ready to make some apple dumplings.

"Well, if it's any of the animal children, asking you to go scotching or skating, tell 'em you can't go!" said Nurse Jane.

"Why not?" asked Uncle Wiggily, as he laid aside the cabbage leaf newspaper he was reading.

"Why not? I should think, after what happened to you yesterday, when you tried to ride Noddie Flat-tail's sidewalk scooter, and the Pipsisewah almost got you—I should think that was enough!" spoke the muskrat lady, dignified-like and senatorial.

"Oh, but the Pipsisewah didn't get me!" laughed Uncle Wiggily. "And how, I'll see who this is."

He opened the door, and back in the kitchen where she was baking a lemon-orange shortcake, Nurse Jane could hear the mumble of voices. Pretty soon Uncle Wiggily came in to get his hat.

"I'm going out," he said.

"Scotching again?" Nurse Jane wanted to know.

"No, not this time," spoke the bunny with a laugh. "I'm just going sliding with Toodle and Noddie Flat-tail, the beaver boys. They're out in front waiting for me."

Nurse Jane wiped her paws on her apron, and got a little dab of white flour on her nose. She always looked funny that way.

"Well, I do declare," exclaimed the muskrat lady housekeeper. "You get worse and worse instead of better and better."

"Why, what's the matter now?" asked the bunny.

"As if sidewalk scotching wasn't

IN WOMAN'S DOMAIN

Social Personal

Mr. and Mrs. W. U. Rinnalls, of Victoria, are spending a few days in Vancouver, where they are guests at the Vancouver Hotel.

Mr. and Miss Dawson, of this city, have left for the East, and en route are spending a few days in Vancouver as the guests of Mrs. Stephen Wallbridge, Shaughnessy Heights.

Miss Jean Shaw, of Victoria, and Miss Pearl Downwell, of Regina, en route to Honolulu, where they will spend some months, are guests of Mr. and Mrs. A. E. Wood, 345 Fourteenth Avenue west, Vancouver.

Mrs. W. J. Bowser left by the afternoon boat yesterday for Vancouver to join Mr. Bowser at the Conservative convention, where she was scheduled to receive a presentation from the delegates.

The engagement is announced in Vancouver of Miss Constance Bryson, grand-daughter of Mrs. L. A. Currie, of 1758 Seventh Avenue West, and Harry H. Boyle, of the law firm of MacFarlane and Boyle, of Victoria. The marriage will be celebrated next month.

Wednesday, October 15, is the date set for the third dance in aid of the Aerial League of Canada, Victoria Branch, which will be held at the Alexandra Club. The music will be furnished by Heaton's orchestra, and will include many novel features. Dancing is to continue from nine until two in the morning, and tickets may be procured at the office of the League at 294 Union Bank Building or from the committee. The members of the dance committee are as follows: Messrs. G. A. Cameron, R. G. Christy and W. Kirkpatrick-Crockett.

Her many friends in this city will be interested to learn of the marriage of Miss Violet Hardie, of Victoria, to Robert Casburn the wedding taking place in San Francisco on September 27. Miss Hardie was for a number of years a valued member of the city's teaching staff, latterly at Beacon Hill School. Before leaving for the South on September 20 she was the guest at a number of showers given in her honor. Including affairs arranged by the Misses Tracer, of Esquimalt Road, Mrs. L. H. Hardie, Mrs. J. W. D. York and Mrs. John Leeming. She received many beautiful gifts from her wide circle of friends, and one of her most treasured possessions is the handsome silver salver, suitably inscribed, which was presented to her by the pupils of Beacon Hill School, just before her departure. The bridegroom is a returned veteran.

JUBILEE HOSPITAL TO HAVE SHOWER

The annual linen shower of the Provincial Royal Jubilee Hospital is to be held on the Friday preceding Thanksgiving Day, according to plans made by the Women's Auxiliary at their regular meeting yesterday afternoon. It is hoped that friends of the institution will come forward in their usual generous manner.

It was also decided at yesterday's meeting that the yearly hospital ball, which has been discontinued during the war, should be resumed, the event to be arranged for the week before Lent. Fuller details will be discussed at the next meeting of the Auxiliary. Bills amounting to \$193.95 for articles necessary to the upkeep of the hospital were ordered paid, and the buying committee was authorized to purchase more blankets.

A number of members have not yet been called upon for their dues and the secretary was asked to announce that these might be left at the office of Mr. R. S. Day, president of the Hospital Board of Directors.

Her Excellency the Duchess of Devonshire arrived in the city this morning from Prince Rupert, accompanied by the Governor-General, his daughter, Lady Dorothy Cavendish, and Miss Egerton, lady-in-waiting. During their stay in Victoria the vice-regal party will be the guests of the Lieutenant-Governor and Lady Barnard at Government House. Tomorrow afternoon Her Excellency will receive an address of welcome from the Provincial Executive of British Columbia of the National Council of Women, the ceremony to take place at Government House prior to the garden party.

"Look out!" cried the rabbit gentleman, and down he came so fast that he knocked the Skeezicks over in a back peppercut and the bad chap was tossed into the spring, and when he crawled out he was all wet. So he didn't get the bunny after all, and Mr. Longears had lots of fun sliding down the mud hill on his back sled.

And if the mosquito doesn't bite a hole in the dishpan and let all the goldfish jump out into the canary bird's cage I'll tell you next about Uncle Wiggily and the catnip.

VICE-REGAL PARTY ARRIVED TO-DAY

DUCHESS OF DEVONSHIRE

Her Excellency the Duchess of Devonshire arrived in the city this morning from Prince Rupert, accompanied by the Governor-General, his daughter, Lady Dorothy Cavendish, and Miss Egerton, lady-in-waiting. During their stay in Victoria the vice-regal party will be the guests of the Lieutenant-Governor and Lady Barnard at Government House. Tomorrow afternoon Her Excellency will receive an address of welcome from the Provincial Executive of British Columbia of the National Council of Women, the ceremony to take place at Government House prior to the garden party.

LADY DOROTHY CAVENDISH

Mrs. Jones' faithful servant had grown old in her service. After one especially fatiguing day, Hannah was heard to complain:

"My old bones is achin' to the very marrow."

"Never mind, Hannah," her mistress comforted, "there is a good long rest coming to all of us by and by, and you will enjoy it."

"Don't you believe it," Hannah objected. "I shan't be comfortably settled in heaven more than an hour before someone will say, 'Come, Hannah, it's time to hang out the stars.'"

CHINESE WOMAN BLAMES CONFUCIUS

Says the Sage Has Shackled Womanhood For Two Thousand Years

What did Confucius, the great sage, do for China? A Chinese lady of the very best family, educated and of no mean Chinese literary ability, once damned him as only a woman can damn a man. The Five Relationships is the pronouncement, which, for twenty-four hundred years, with shackles more powerful than steel bands has enslaved the women of China and condemned them to untold misery and despair, she writes.

"A Persian poet once said, 'He that ventureth upon matrimony, is like unto one who dipeth his hand into a sack where are many thousands of serpents and one eel. Yet if fate so decree, he may draw forth the eel!'"

The Chinaman holds about the same view, and the sack accurately describes our imprisoned condition, both before and after marriage.

Fur Trimmed Coats

Distinctive Models

THE interesting models in Fur-Trimmed Coats that we have now on display will be admired by all who see them. They are presented in the smartest of styles, while close examination reveals fine quality materials and high-grade fabrics.

A Smart Dolman Coat, made of velour in tete de negre. It features deep novelty cuffs and pockets and a collar of sable coney-fur. This is an unusually good value at **\$55.00**.

Pelouché, in henna shade, is the material used in the modelling of this Coat. The large convertible collar and turned back cuffs are trimmed with Hudson's seal fur—**\$89.50**.

Another dolman model, developed from a splendid velour in castor brown. The cuffs and collar are of Hudson's seal, the coat being otherwise trimmed with large buttons—**\$115.00**.

REMNANT DAY TO-MORROW

A particularly fine collection of Remnants will be offered to-morrow morning. Included are useful lengths in silks, dress goods, coatings, velvets, velveteens, linings, suitings, cottons, flannellettes, shirtings, towings, cotton dress fabrics, laces, ribbons, etc., etc.

All to be offered to-morrow at greatly reduced prices.

Women's Raincoats

Models of paramatta cloth, made with cemented and sewn seams. Smart belted styles in fawn, grey and black—**\$18.50** to **\$25.00**.

Trench Coats in smart, serviceable styles. Various weights and qualities at **\$25.00** to **\$45.00**.

Women's Woolen Sweaters

AMPLE assortments, including many recent arrivals, should make choosing easy and satisfactory. The newest styles are represented in the most worthy qualities:

Coat Sweaters, knit from fine all-wool yarns, in popular styles and colors—**\$8.50** to **\$17.50**.

Cashmere Sweaters, made with tuxedo front, in Hunts green, purple, rose, mallard blue, navy, henna, black, sand and turquoise—**\$16.50**.

Cashmere Coats, made with tuxedo front and fitted with an embroidered vest. Splendid quality—**\$18.50**.

Unusually Attractive Coats of Cashmere, made in Grace style, with vests in self or contrasting colors. Offered in rose and grey, grey and taupe, navy and henna, mallard and taupe—**\$19.50**.

will in all probability blame our extravagance for driving him to dishonesty.

"To be trusted? He just takes her, locks her up in his home, looks upon her as only a woman; and when he needs advice he gets it from his servants."

"Perhaps he is a kind-hearted man, and we try and ultimately learn to love him. We are happy for a while, but alas! it is but short-lived happiness. The old custom and the old breeding will tell."

"For the ruin of our sons, the unhappiness of our daughters, and the degeneration of our race we have to hold responsible Confucius and his Doctrine of the Five Relationships."

"Robson, do you know why you are like a donkey?" the jester queried.

"Like a donkey?" echoed Robson, opening his eyes wide. "I don't."

"Because your better half is 'stubbornness' itself."

The jester pleased Robson immensely, for he at once saw the opportunity for a glorious dig at his wife. So when he got home he said: "Dear, do you know why I am like a donkey?"

He waited a moment, expecting his wife to give it up. But she didn't. She looked at him somewhat pityingly as she answered: "I suppose it's because you were born so."

MILITARY HOSPITAL VISITED BY DUKE

Talks With Soldier Patients
and Makes Inspection of
Quarters

The Duke spent half an hour at Esquimalt Military Hospital between 12 and 12.30 this afternoon, inspecting the accommodation for the patients, the grounds and talking with the patients. He was received by Major-General R. G. E. Leckie, G.O.C., Military District No. 11, Col. D. Donald, A.D.M.S., Major T. O'Hagan, O.C. of the hospital, and Capt. Hendy, Lady Dorothy Cavendish, the Lieutenant-Governor, and Miss Eva Loewen were with the Governor-General's party. The visitor was escorted around the hospital grounds by Sgt. Major Dean Freeman, the hospital sergeant-major. He shook hands with the officer patients and staff, and then made a tour of the wards.

Some of the patients were visited in the wards and the patients in a more advanced stage of convalescence were assembled in the Red Cross Hut.

An inspection of the Soldiers' Civil Re-establishment vocational training departments was also made by the Duke, who appeared extremely interested in the arrangements made to train men for their re-establishment in civilian life.

DAI THOMAS WILL LEAD RUGBY SQUAD

Officers Elected at Meeting of
Foundation Rugby Club

With a strong list of players eager to get into action, the Foundation Rugby Club was organized at a meeting held last night. Dai Thomas, the well-known Welshman and expert of the oval ball game, was chosen as chairman and director, and the club expects to profit by Dai's knowledge of the game. J. W. Templeman was elected secretary, and B. Sprinkling captain. J. Pringle was elected vice-captain.

The first practice game will be held at 5 o'clock Saturday. The Foundation men ruled the field last season, although the competition was not nearly so great as they can expect this season.

Reception to General Currie—A steady stream of applications for tickets for the reception to be given to General Sir Arthur Currie on Monday, are being received by the committee in charge of the arrangements. Among those who have signified their intention of attending are the daughters of the Empire, the Army and Navy Veterans and other local bodies. The reception is to be held in the new Armories on Bay Street at 7.30 on Monday evening and it is anticipated that there will be a thoroughly representative assembly of citizens to welcome the returning General.

To-Morrow's Garden Party.—In connection with the garden-party to be given at Government House to-morrow from four till six p. m., it has been announced that in the event of the weather conditions proving unfavorable to an out-door event, the programme will be carried out in the ball-room, the invitations holding good in either case.

Sprott-Shaw Night School opens Oct. 7th. Courses for everybody. Send for particulars now. Sprott-Shaw Business Institute, Pemberton Building, Phone 28.

The firm has been actively engaged in the steamship business in Montreal for over thirty-five years.

A SICKLY WIFE NO FIT MATE FOR ANY MAN

GIRLS AND WOMEN SHOULD
LOOK WELL TO THEIR
HEALTH AND
STRENGTH

Never before was physical health and vigor so highly esteemed and so eagerly sought for as to-day. No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Is your daughter growing up strong and ruddy? Has she strength to drink in greedily all the pleasures that youth so zealously seeks?—or is she compelled to use the street car instead of enjoying the delightful exercise of walking—does she after the ball arise refreshed and vigorous, or is she exhausted, indifferent, and perhaps irritable?

When strength and vigor can be so easily maintained by Ferrozone, when the glow of health is so quickly brought to the cheeks and elasticity to the step, it is plainly a mother's duty to see that Ferrozone is on hand to assist her daughter back to health.

Upon the wake of Ferrozone quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health. Stop and think what this means for your daughter—certainly a great deal, and it can be accomplished by Ferrozone.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

BACKACHE

Pains in sides and groins, headaches, lassitude, swollen joints, all point to kidney trouble. Quick and sure relief can be obtained, and dangerous consequences avoided, by taking

Industrial Department Will
Discuss Many Schemes
at Its Meeting

To discuss a number of proposals placed before the Provincial Department of Industries a general meeting of the Advisory Council will be held at the Parliament Buildings on Friday, October 7.

Major Martyn, Industrial Commissioner, told The Times representative this morning that there is no dearth of schemes to place before the Council for its consideration. Unfortunately, however, the ratio of practical suggestions compared with those which lead to a blind alley is about one to twelve. At the present time, said the commissioner, there are proposals involving applications for aid amounting to over \$1,000,000, while enterprises that may be placed in the practical category do not reach as much as \$70,000 in total.

EVENING SCHOOLS RE-OPEN TO-NIGHT

Continuation Classes Under
Direction of City School
Board Will Begin

A total registration of 500 is indicated this season for the night classes which open to-night in the High School, according to estimates made by W. H. Rinn, director.

The classes are spread over the week. Preparations are being made to handle more than 200 at to-night's opening classes, which begin at 7.30 o'clock.

Subjects to be commenced to-night and the instructors in charge are: High School entrance class work, T. W. Hall, Bevan-Pritchard, Walter Brown and Miss C. M. Martin. Preliminary commercial course, J. O. Welch.

Book-keeping, W. R. Sayer. Advanced shorthand, W. W. Suttie. Advertising, G. W. Newton. Preliminary technical course, George Anstey and F. W. Ball. Electrical engineering, Ernest C. Hayward.

Gas engines, W. J. Frampton. Ship-drafting, John Cameron. Lettering and show card writing, J. S. McMillan.

Drawing, light and shade and color, Miss M. Killo. Dressmaking, Mrs. M. C. Angus. Advanced and elementary French, Miss Anderson-Mongin and Miss Berton.

QUESTIONED LEGAL POWER OF PREMIER

Mr. Justice Macdonald With-
hold Decision For Stay of
Proceedings

Premier Oliver's right to sign a legal document as acting Attorney-General was questioned during the opening sitting of the Fall Assize this morning. J. S. Brandon, counsel for the Crown, made application to enter a stay of proceedings in the case of William Giegliemo, who is charged with indecent assault. The paper was signed by Premier Oliver as acting Attorney-General in the absence of Hon. J. W. deB. Farris.

When Mr. Brandon announced the signature on the paper, Mr. Justice Macdonald smiled. He then remarked: "I will withhold my decision in the matter until I see what decision is reached in Vancouver as to whether or not a person not a barrister can act as Attorney-General."

The first exception to Premier Oliver's signature on legal documents was taken in the Assize Court at Vancouver yesterday before Mr. Justice Gregory. The Premier had signed a "nolle prosequi" presented to the court by Alex. Henderson, K.C., Crown prosecutor, and Mr. Justice Gregory questioned whether or not a Cabinet Minister who had not been admitted to the bar had the power to act as Attorney-General.

The Fall Assizes were formally opened this morning with the swearing in of the Grand Jury and Mr. Justice Macdonald's brief charge. The Grand Jury is as follows: J. J. Shallcross, foreman; Alfred J. Abbey, J. Willis Ambury, W. J. Anderson, M. H. Dobie, J. O. Dunford, A. F. Griffiths, W. A. Jameson, A. T. Monteith, H. P. Norris, A. B. Oldershaw and W. B. Sylvester.

In his charge to the jury Mr. Justice Macdonald congratulated the district on the small number of crimes which, he stated, was all the more remarkable in view of the amount of forest which had followed the Great Struggle. The Court outlined the two cases which had to be dealt with: the one of manslaughter against William Emery and the other of theft of a rowboat by A. R. Hatch.

The Grand Jury left the court to consider the bills and the judge adjourned the court until 2.30 o'clock this afternoon.

FREE STREET CARS

Washington, Oct. 1.—Street cars should be run by cities as elevators are operated by owners of skyscrapers, without charge to passengers, Ralph S. Bauer, president of the Associated Boards of Trade of Essex County, Mass., told the Federal Electric Commission to-day.

Try Making Your Own Cough Remedy

You Can Save About \$2, and Have a Better Remedy, and a Ready-made Kind, Easily Done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth); pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough, and for bronchitis, croup, hoarseness and bronchial asthma there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept any thing else. Guaranteed to give absolute satisfaction, or money promptly refunded. The Pinex Co., Toronto, Ont.

Is Your Nose Shiny?

Not if you are using Meridae Face Powder. It's invisibility and perfect adherent qualities make it the ideal complexion powder. You'll be delighted with its dainty fragrance.

Fairfield Harvest Festival.—Harvest festival services were held at the Fairfield Methodist Church on Sunday, and attended by big congregations. Appropriate and inspiring sermons were preached by the new pastor, the Rev. S. Cook. On Monday evening the festival was continued through the medium of a concert at which there was a large enthusiastic audience. Vocal numbers were very pleasingly rendered by Mrs. Day, Messrs. Guy and Sampson, while choruses were contributed by Messrs. Green, R. T. Murphy and P. Taylor. Miss Broley capably officiated as accompanist and contributed several pianoforte selections. T. E. Marriner presided at the concert. As a result of the concert the church funds were swelled by a substantial amount.

Entitled To Cheques.—Three cheques from the Workmen's Compensation Board are awaiting William H. Kinn, who can obtain them at the Labor Temple, on proof of identity.

IMPORTANT HEALTH MEETING AT OTTAWA

Dr. Young Will Attend First
Gathering of Council of
Health

Under the Dominion Health Act there is a provision for the appointment of a Dominion Council of Health composed of the Secretaries of each Provincial Board of Health. The first meeting of the newly-constituted body will take place in Ottawa on October 7 next. (Dr. H. E. Young, secretary to the Provincial Board of Health, will leave the city to-morrow in order to be present at this important gathering.)

Among numerous subjects which appear upon a very comprehensive agenda is the provision for discussion on matters relating to the control of venereal diseases in the light of Dominion Government aid, the prevention of influenza, the conservation of child life, industrial hygiene, rural hygiene and the drug habit. In connection with all these subjects Dr. Young will have something to say for his own Department.

BILLIARD TOURNAMENT AT TWO JACKS' DOPE

In the Two Jacks billiard handicap to-night Dr. Clarke (r. 25) meets Wilkinson (r. 50), Eddie Gattman (r. 50) plays Millard (r. 50). To-morrow evening Bert Irish (r. 200) plays Harry Ashworth (r. 100). The high break for the handicap, at present credited to Messrs. King and Hayward, tied, is expected to go by the board when Irish and Ashworth get busy.

DOOR OPENED AGAIN

Public May Now Enter the Provincial
Library From Government and
Superior Streets.

During five long and weary years the public entrance to the Provincial Library has remained closed—bolted, barred and padlocked. Like the remainder of the entrances to the Legislative Building it barred both entrance and exit "for the duration."

Strangely enough, however, the door which permits entrance to the Library and Archives from both Government and Superior Streets, outside all other parts of the building. Only a few days ago did it cease to fear the machinations of Teuton spy or alcoholic anarchist.

Months ago—soon after the signing of the armistice—it was realized that the general public again might enter the Legislative pile by more than the modest doorway by the side of the main entrance. Nevertheless, the Library retained its exclusiveness and apparently waited until Canada had ratified the Peace Treaty.

The door, forsooth, is now "on the latch" between the hours of nine and five on all days except Saturdays, when the bolts are shot at one o'clock.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRH, DEAFNESS AND HEAD NOISES

If you know of someone who is troubled with Catarrh, Deafness, head noises or ordinary catarrh cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear, which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs, which is equally as dangerous. The following formula, which is used extensively in the damp English climate, is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climatic conditions.

Secure from your druggist one ounce of Parmitin (Double Strength). Take this home and add to it a quarter pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and the blood and mucous surfaces of the eustachian tubes is reduced. Parmitin used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

Will Attend Board Meeting.—Rev. J. J. Baker, who will attend a meeting to-morrow on the Mainland of the Westminster Hall Board, when the question of appointing the new principal will be taken up.

THE J. M. WHITNEY CO.
JEWELLERS

The fair this year is to be held on
three days—instead of two as in
previous years. On Monday, October
6, the exhibitors will be engaged in
arranging their entries ready for
judging.

Judging is to commence on Tues-
day afternoon and will continue on
Wednesday morning. The judges are
as follows: Fruit and vegetables, F.
W. Ankettell-Jones; field crops, W.
Newton; cattle, S. Hopkins; horses,
G. E. Goddard; sheep and pigs, S. H.
Hopkins; poultry, H. D. Reid; dairy
products, T. A. F. Wiancko; flowers,
L. Stevenson; ladies' work, Mrs. Ab-
bot, buyer of the art department at
Gordon's, Ltd.; jams and bottled
fruits, Mrs. Rickard; bread and cakes,
W. J. Rennie; of Rennie & Taylor.

OTHERS ALSO WANT EXTRA WORK AND PAY

Aldermen who are now showing
themselves around the City Hall are
beginning to be quietly made the tar-
gets for increased salary demands
from civic employees.

This has always been more or less
a chronic state of affairs at the
City Hall, but the demands have in-
creased in intensity and pointedness
since two salary increases were an-
nounced by the council at last Mon-
day night's meeting.

Aldermen are meeting the demands
for increases by explaining that the
two increases announced this week
apply to employees who are taking
on extra work themselves to elimi-
nate the necessity for the city en-
gaging other employees.

The increases were made solely on
the policy of it being good business
as we will be saving three or four
times more than the amount of the
increases," explained one of the al-
dermen.

Other employees are now busy
looking for chances which will throw
them in the positions in which the
two referred to are in where they will
undertake to see that extra work is
done, obviating the necessity to em-
ploy additional persons, and at the
same time achieve their main object,
an increase in salary.

OBITUARY RECORD

The death occurred at the Royal
Jubilee Hospital last evening of
Mark Edward Hewitt, aged sixty-
eight years, a native of Guelph, On-
tario. The deceased came to his
death as the result of an accident.
He has been a resident of Sidney for
the past twenty-eight years, and
leaves to mourn his loss a widow,
one daughter, Mrs. Walter McMillan,
and two granddaughters, all of Sid-
ney, also six sisters and one brother
residing in North Dakota. The re-
mains are reposing at the Thomson
Funeral Home, and due notice of the
funeral will be given.

A wealth of lovely flowers and the
attendance of a large assembly of
young people to pay tribute to the
memory of a highly-esteemed friend,
marked the funeral yesterday of
Walter Jarvis Loveland. The cortege
left the B. C. Funeral Co.'s chapel
at 1.45 and proceeded to Christ
Church Cathedral at 2 p.m., where
service was conducted by Rev. R.
Connell, assisted by Rev. Dean
Quinton, at the church. The service
at the grave was conducted by
Rev. R. Connell. The hymns sung
were "Abide With Me" and "The
Day Thou Gavest, Lord, is Ended."
The High School Cadets attended in
a body, and the following young men
acted as pallbearers: P. O. A. E.
Walker, G. F. Heaton, C. Neroutor,
active, C. J. Holmes, E. Cooper, A.
MacLean, J. Christie, F. Verinder,
D. MacLean. Interment was made
at Ross Bay Cemetery.

Mrs. Christiana Blackett, wife of
Cuthbert Blackett, passed away last
evening at the residence of her
daughter, 553 Linden Avenue. The
late Mrs. Blackett was born at
Stockton-on-Tees, England, on De-
cember 24, 1839, and had been a re-
sident of Victoria for nearly thirty
years. For a number of years Mrs.
Blackett was an active member of
the James Bay Methodist Church,
but for the last four years has been
confined to her bed. She leaves to
mourn her loss her husband, Cuth-
bert Blackett, a son, Robert Cuth-
bert and daughter, Mrs. W. E. Ditch-
burn. The interment will take place
at Ross Bay Cemetery on Thursday,
October 2, at 2 p.m., from 553 Lin-
den Avenue.

The death took place to-day at the
residence of her son, 1320 Carnegie
Street, of Mrs. Robertina Macdon-
ald, who came to reside with him
about a year ago. She was sixty-
three years of age, and formerly re-
sided at Calgary. A native of Glas-
gow, she leaves a husband and
sister in Calgary, a son in Regina and
one son here. Funeral arrangements
are pending, through the Sands Com-
pany.

KING OF ITALY MAY DECLARE BY DECREE TREATIES IN FORCE

Paris, Oct. 1.—It is unnecessary to
wait for the convening of the new
Parliament in Italy for ratification of
the Versailles and St. Germain treat-
ies, it is said in Peace Conference
circles, as, according to Article 5 of
the Italian constitution, treaties may
become "in force of execution" by
royal decree, which may be presented
before the new Parliament for ap-
proval.

Premier Nitti's official message to
King Victor Emmanuel in asking for
a dissolution of Parliament stated
that the mandate of the Chamber of
Deputies expired in October, 1918.

The main issues during the com-
ing election will be the questions be-
fore the country. Finance and the in-
ternal situation caused by the re-
volutionary tendencies of the official
Socialists.

Premier Nitti is expected to read
the dissolution decree, to be issued
within a few days.

1847 ROGERS BROS. SILVERWARE "Rogers' Best"

Home makers

COL. INNES EXPLAINS SOLDIERS' COURSES

Director of the Agricultural
Branch of Federal Board
on Visit

Before next winter the Federal
Land Settlement Board will have un-
der way regular intensive agricul-
tural courses, on the lines of those ob-
tainable at the best agricultural col-
leges in Canada, including British
Columbia, according to the statement
of Lieut.-Colonel R. Innes, director
of the agricultural branch of the
board. Such courses will be given to
specially selected men who have at
least three months' practical farm
training to their credit. The train-
ing will be of a distinctly practical
nature and with this in view an an-
nouncement may be expected shortly
as to the location selected for the
British Columbia Agricultural School.

"Fit Our Fighters to Farm," is the
slogan adopted by the board in its ef-
forts to induce the farmers of the Do-
minion to do their part towards the
rehabilitation of the soldier," said
Col. Innes this morning. "We are
making every effort to bring the
farmers to see their duty in this mat-
ter. The number of men trained and
fully equipped to settle on the land
is controlled entirely by the oppor-
tunities which present themselves of
placing men with practical farmers.
The board considers it up to the
farmers—and we have no doubt that
they will do their part. The board is
commencing an active advertising
campaign in connection with this part
of the work and is confident of suc-
cess."

Certain new regulations have been
issued which are of some importance
to prospective settlers. In future be-
fore the qualification committee will
issue its certificate the applicant must
satisfy the board that the proposition
he has in view is feasible and likely
to obtain the sanction of the loan
committee. In addition applicants,
before being passed on for training,
must satisfy the board that they will
be able to put up the required ten
per cent. of the purchase price.

Necessary Regulation

"This regulation is necessary in the
interests of the country," said Col.
Innes. "Cases have occurred where
the board has gone to considerable
expense in equipping men to farm,
and then, at the last moment, they
have turned round and decided to do
something else. I should like to say
that British Columbia is making a
splendid showing with regard to the
repayment of sums expended on land
and equipment. So far British
Columbia leads all other provinces in
this respect which is highly satisfac-
tory. Of course, the prairie men
could not be expected to pay up so
early as the British Columbia men,
who have the advantage of the early
fruit and berry crops, while men in
other provinces must await the har-
vesting of the grain."

Discussing the question of training,
Col. Innes pointed out that the centre
at Agassiz is in no sense a "school."
There is at present no training centre
in British Columbia. Agassiz is used,
he explained, to instruct the "green"
man in the rudiments of farming and
to see whether he showed the requi-
site adaptability to make a farmer af-
ter proper practical training. The
actual training, says Col. Innes, is up
to the men themselves. The length of
time they spend with farmers before
being passed as qualified depends en-
tirely on the progress they make. The
board makes every effort to assist the
embryo farmer, paying to married
men an allowance of \$20 per month
and further sums in the case of men
with families.

Another new regulation provides

that qualification certificates issued
in other provinces of Canada will not
be held good in British Columbia unless
specially passed upon by the British
Columbia committee. Thus provi-
sion is made because the conditions
obtaining here are quite different to
other parts of the Dominion. No
property under five acres in extent
is considered by the board.

CICOTTE FORCED OUT OF THE BOX

Heavy Hitting the National
Leaguers Got Fourteen
Hits

Redland Field, Cincinnati, Oct. 1.—
The Cincinnati Reds won the first
game of the world's series of 1919
to-day by the overwhelming score of
nine to one. The heavy hitting of the
National Leaguers combined with the
fact that Eddie Cicotte, the White Sox
star twirler, was forced to retire,
stood out as the features of the open-
ing contest. The hitting of Walter
Reuther was the outstanding bril-
liant performance of the Reds, the
southpaw getting three hits out of
three times up, including two triples.
Reuther's pitching was also of the
highest class. Box score:

Cincinnati	AB	R	H	PO	A	E

* Batted for Wilkinson in eighth
inning.

By innings: 0-1-0-0-0-0-0-1

Cincinnati.....1-0-0-5-0-2-1-9

Summary: Two-base hits—Rath.

Three-base hits—Reuther, 2; Dau-
bert, 1. Stolen bases—Rousch, Sacri-
fice hits—Felsch, Rath, Rousch.

Wingo, Sacrifice flies—Groh. Dou-
ble plays—Risberg to E. Collins; Ris-
berg to E. Collins to Gandil.

Left on bases—Cincinnati, 7; Chi-
cago, 5.

Bases on balls—Off Cicotte, 3 (Rousch
and Reuther); Loudermilk, 1 (Groh);
Reuther, 1 (Risberg).

Hits—Off Cicotte, 1 in 3-2-3 innings;
off Wilkinson, 5 in 3 1/2 innings; off
Loudermilk, 3 in 1 inning.

Hit by pitched ball—By Cicotte
(Rath); Loudermilk (Daubert).

Struck out—By Cicotte (Kopf); Wil-
kinson (Wingo).

Leading pitcher—Cicotte.

Umpires—Rigler, behind home plate;
Evans at first; Quigley at second base;
Nailin at third base. Time—1:45.

In seventh inning when Rousch bun-
tled to Weaver, Gandil dropped the throw
which was high and the official score
gave the error to Gandil.

PRESIDENT WILSON HAD A RESTLESS NIGHT

Washington, Oct. 1.—After a rest-
less night President Wilson fell asleep
during the forenoon to-day and arose
late. Rear Admiral Grayson, his
physician, at 1 o'clock this after-
noon issued the following bulletin:
"The President had a restless night
and consequently is feeling somewhat
jaded to-day."

The President's general condition
was described at the White House
as being as good as it was yesterday,
despite his restless night. A setback
was not indicated, it was said.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at tongue! Remove poisons
from stomach, liver and
bowels.

Accept "California" Syrup of Figs
only—look for the name California on
the package, then you are sure your
child is having the best and most
harmless laxative or physic for the
little stomach, liver and bowels. Chil-
dren love its delicious fruity taste.
Full directions for child's dose on
each bottle. Give it without fear.
Mother! You must say "California."

TRANSPORT WORKERS SEE LLOYD GEORGE

Delegation Tries to Mediate
in British Railway
Strike

Transport Men Say Railway
Strike Purely Trades
Union Affair

London, Oct. 1.—When a dele-
gation of eleven representatives from
the Transport Workers' Federation
called to see Mr. Lloyd George by
arrangement at 3 p. m. to-day, it
met also Rt. Hon. George N. Barnes,
Minister without portfolio; Sir David
Shackleton, Permanent Secretary of
the Labor Ministry, and Sir Robert
Stevenson Horne, the Minister of La-
bor. The conference was not attend-
ed by representatives of the rail-
waymen. The workers who partici-
pated were acting as intermediaries, in an
effort to bridge the gulf between the
railway strikers and the Government.
The representatives of the Trans-
port Workers' Federation were in
session during the early afternoon to
decide whether the 325,000 members
should be called to support the rail-
waymen's national strike.
At the conclusion of the first ses-
sion of the transport workers' meet-
ing, which adjourned shortly before
2 o'clock until 5 o'clock, it was an-
nounced by Robert Williams, gen-
eral secretary of the Transport Workers'
Federation, that the delegates had
unanimously affirmed that the strike
was purely a trades union affair,
regarding wages and conditions of
work.
(It has been asserted by the British
press that the railway strike had
political motives behind it, and Mr.
Lloyd George, in a statement on Sat-
urday last, declared the railwaymen
were being "used" by extremists for
sinister purposes.)

Success in Life Comes Through Training

Advancement in business is very rapid for the young
man or woman who is TRAINED.
There is always a demand for GOOD bookkeepers,
GOOD stenographers and people of sound business train-
ing.
Young people should be ambitious to obtain top-notch
efficiency. The market is oversupplied with bunglers and
slipshod, careless workers who do not understand that
good salaries are the reward for proficiency and hard
work.

The SPROTT-SHAW BUSINESS INSTITUTE will help
you make your mark in the business world. Every mem-
ber of the faculty is an expert and authority in his branch
of the work.
Business men are eager to secure our graduates because
they know that our training is thorough and practical.
Ask for our catalogue giving complete information
about our courses.

BEGINS OCTOBER 7

RETURNING TO ISLAND

Prince of Wales Sends Message of Thanks to His Honor the Lieut. Governor.

His Royal Highness the Prince of Wales has sent a telegram to His Honor the Lieut. Governor again expressing his keen delight over his recent visit to Vancouver Island. His message is as follows:—

Penticton, B. C., Sept. 30. "I hope to send through you a message of thanks to the whole Province of British Columbia when I complete my visit. In the meantime I cannot leave Vancouver Island without telling you how genuinely I enjoyed my stay in Victoria and my trip into the interior of the Island. Please convey my warmest appreciation to the Premier, the Mayor of Victoria and all the residents. I will visit Vancouver Island again as soon as I can.

"EDWARD P."

To the foregoing His Honor has forwarded the following reply: "Your message received and published. You cannot please the people of British Columbia better than by promising an early repetition of your visit. They are delighted with the charming manner in which 'Your Royal Highness' received their demonstrations of loyalty to the Crown and love for your person.

"F. S. BARNARD, "Lieutenant-Governor."

Everyone Should Drink Hot Water in the Morning

Wash Away All Stomach, Liver, and Bowel Poisons Before Breakfast.

To feel your best day in and day out, to feel clean inside, to avoid bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract before eating more food.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink it before breakfast, hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

The WEATHER

Daily Bulletin Furnished by the Meteorological Department

Meteorological Office, Victoria, B.C., Oct. 1.—The barometer remains low, and heavy rain has been general along the Coast. Light showers have occurred in the Cariboo and Kootenay, while in the Prairie Provinces fair, milder weather prevails.

Reports.

Victoria—Barometer, 29.61; temperature, maximum yesterday 51, minimum 46; winds, twelve miles N.; rain, .32; weather, raining.

Vancouver—Barometer, 29.64; temperature, maximum 50, minimum 46; rain, .92; weather, raining.

Kamloops—Barometer, 29.68; temperature, maximum 54, minimum 46; wind, 4 miles N.; rain, .64; weather, raining.

Barkerville—Barometer, 29.64; temperature, maximum 42, minimum 34; wind, calm; rain, .12; weather, raining.

To Appear in Farewell Recital Here

Mrs. Gertrude Huntley Green, the well known pianist, who is to appear with Miss Mary Iard in recital at the Royal Victoria Theatre on Thursday evening. The concert, which promises to be the outstanding event of the winter's musical season, will be under the distinguished patronage of Their Excellencies the Governor-General and the Duchess of Devonshire, and the Lieutenant-Governor and Lady Barnard. The proceeds of the concert will be devoted exclusively to the funds of the Victoria Ladies' Musical Club.

HAS RETURNED HOME

CORPL. R. A. SEDGER

After a great variety of service in various parts of Europe, Corpl. R. A. Sedger, third son of Thomas D. Sedger, of Lamson Street, Esquimalt, returned home yesterday. He left Victoria with No. 5 General Hospital, was at Salonica for a while, then transferred to England and to the front line in France with the 4th Field Ambulance. After the armistice he went to Bonn, Germany.

THANKED BY PRINCE

Miss Emma McCandlish, Veteran Resident, Has Received Acknowledgment of Photograph

Miss Emma McCandlish, of 422 Menzies Street, is very proud of a letter which she this morning received from the Prince of Wales, worded as follows:

"The Private Secretary to His Royal Highness to thank Miss McCandlish very much for the interesting photograph of the Duke of Clarence and His Majesty the King, which the Prince has been very pleased to accept."

The photograph referred to is one which was given to Miss McCandlish many years ago in Australia, at the time of the visit to that country of the Duke of Clarence and the then Duke of York, and shows them as boys in naval uniform.

Despite her advanced age—she is nearing her seventy-ninth birthday—Miss McCandlish is wonderfully active, and is very proud of the fact that she danced at the ball given at the Empress Hotel recently in honor of the Prince of Wales.

The Rotary Club will not hold a weekly luncheon to-morrow, as the date would clash with the Canadian Club, and its members will therefore join with the Canadian Club in greeting the Governor-General.

Ladies will be welcomed to hear the speech half an hour after the hour set for the proceedings to commence. Those who had an opportunity of hearing the Duke two years ago will require no further encouragement to induce them to attend to-morrow's luncheon.

The 103rd Battalion Timber Wolves Club, will hold a general meeting in the Y. M. C. A. Thursday, October 2.

All members are requested to attend.

DUKE AT CANADIAN CLUB TO-MORROW

Luncheon For Governor-General Will Be Held at Empress Hotel

ROYAL VICTORIA

When he is undecided as to whether he shall go at once and ask his sweetheart's father for the girl's hand in marriage, Buddy Apperson, the leading character in "Bill Apperson's Boy," which will be seen at the Royal Victoria for the last time to-night, leaves the question up to his marksmanship as a stone thrower. "If I hit that tree twice out of three times, I'll go ask him," Buddy decides. As he hits the tree every time, and as the girl happens to overhear him, he does not hesitate to go. This is but one of the countless human lousies in the story of Kentucky hill folks, in which Jack Pickford is the star, and which bares with intense realism the heart of a mountain lad of eighteen.

DOMINION

Coming with a widely heralded reputation as affording Dustin Farnum the most popularly accepted vehicle of his screen career, "A Man in the Open," is being presented at the Dominion all week.

Few modern romances have attained

AMUSEMENTS TO-DAY

Pantages—Vaudeville.
Dominion—Dustin Farnum and Irene Rich in "A Man in the Open."
Variety—Lucille Lee Stewart in "The Eleventh Commandment."
Royal Victoria—Jack Pickford and Gloria Hope in "Bill Apperson's Boy."
Columbia—Viola Dana in "False Evidence," and Vitaphone serial, "A Fight for Millions."
Romano—Harold Lockwood in "The Great Romance," and Eddie Polo feature.

ed a larger popularity than Roger Pocock's novel on which the latest Farnum superpicture is based, and which it closely follows in story. The rapid action so essential to a great motion picture is easily forthcoming from the swiftly moving story of the novel, and in the photoplay version is added the natural advantage of swift succession of event and change of scene possessed by the screen over the written word.

The story centres around one of Nature's gentlemen who is first a shipwrecked sailor then a companion of cowboys and last a ranger, and portrays his adventures in the great Northwest. A fascinating love story is said to weave itself into the main thread of the story, which is reported

to hold a surprise for the audience right up to the final scene. The strong company presented in support of Mr. Farnum includes Irene Rich as leading woman, Claire DuBree, Joseph Dowling, Lamar Johnstone and Marshall Mayall.

VARIETY

Lucille Lee Stewart, the emotional star who appears in "The Eleventh Commandment," the Ralph Ince production, released by Exhibitors Mutual, is credited with the greatest success of her career in this big dramatic play. She is starred on the Variety screen again to-day in "The Eleventh Commandment."

Never overacting the surety with which she approaches her part and the magnetism of her personality give an individuality to everything she does. A big scene in "The Eleventh Commandment" which calls upon her resources to the utmost is when as a happily married young bride, worshipped by her husband, she is confronted at night in the privacy of her sleeping apartment by a visitor who turns out to be her former fiancé, determined to wreck her happiness by revealing to her husband an unhappy episode of her past. The culmination of the scene is dramatic in the extreme, resulting in the death of the midnight intruder, but only after a succession of dramatic situations that call upon all the resources of this great actress.

ROMANO

Harold Lockwood will be the drawing card at the Romano for the last time to-day in "The Great Romance," a screen classic production of great merit and beauty. The noted star is seen in a role which gives him full

scope for the virile and compelling power with which his audiences are familiar. He plays the part of a young man brought up in America with all the freedom of democracy instilled into him who suddenly finds himself heir to the throne of a small and obscure but very beautiful European country. Having strong views on the government of the people for the people and by the people, he disdains the idea of becoming a despotic ruler in his own country. Fate, however, takes the decision out of his own hands by placing the girl he loves in a position in which he alone can rescue her.

COLUMBIA

Viola Dana, the winsome little Metro star who will be seen in the role of Madelon in "False Evidence," the feature to be shown at the Columbia for the last time to-day, took a trip to the Island of Santa Cruz to "shoot" some scenes for the play. The pictures show the beautiful semi-tropic island which is one of the garden spots of the Pacific Ocean and which has been called an "earthly Paradise" by those who have visited it. Added to these scenes of beauty will be others of regal grandeur showing the mighty rodeos of California. To film the big trees the company went on a two-week trip into the heart of the redwood country and camped out like woodsmen, for the primitive village near which they were situated had no accommodations to offer the players. Miss Dana voted it one of the most enjoyable experiences of her long picture career.

PANTAGES

Six acts of very fine variety material, headlined by a big turn of vivacity and beauty and a wizard of the banjo, comprise the vaudeville attraction at the Pantages Theatre this week. The music-and-girl-show is a production of the famous George Choo's banner and one which holds an audience until the final drop of the curtain. Next to headline honors are shared evenly between Joe Roberts, the widely known champion banjoist, and a comedy-dramatic skit, entitled "What Really Happened." David S. Hall & Co. present this thrilling and immensely comic skit. Roberts gives a repertoire of music from standard, classic and modern authors on his banjo. The Monarchs, an all-Canadian act, will achieve the impossible and dance on snowshoes. Framed in a setting supposedly the hill of Mount Royal, Montreal, the pair of dancers do a whirlwind routine of steps. Stag-pool and Spier, Australian comedians, present a novelty turn, which will get wide applause. And Hall and Shapiro, with "Bundles and Nonsense," are guaranteed gloom-chasers of the first order.

VANCOUVER ISLAND NEWS

Numbering of Houses.

Col. Ross, of the Post Office Department, is expected in Nanaimo shortly to look into the matter of the proposed mail delivery.

Saving Nanaimo Station.

The Station Chapter, I. O. O. F., Nanaimo, is prepared to come to the rescue and preserve the historic building which gives them their name. At a special meeting Monday evening a notice of motion was given to the effect that the chapter would cover, if it were required, the amount necessary to save the Station. Mrs. Day, of Victoria, Provincial vice-president of the National Council of Women, was present.

G. W. V. New Quarters.

The G. W. V. A., Nanaimo branch, are moving into new quarters, and expect to have a capacious and comfortable club room adequate for their steadily growing membership. Senator Planta has offered the Assembly Hall on Victoria Road to the Association, giving the men generous terms. The hall contains a large room suitable for dances, concerts and other entertainments, with other rooms which could be used as pool-rooms, library and recreation rooms, with wet canteens and other social features.

St. James' Troop to Meet.—A meeting of all parents and persons inter-

ested in St. James' troop, Victoria Boy Scouts, will be held on Monday evening next in the vestry of St. James' Church. Some question as to the status of the troop has arisen, and this will be discussed at the meeting. Rev. T. B. Heneage, the provincial secretary of the Boy Scouts, will attend.

Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Your physician knows that Castoria is purely a child's remedy. It was sought for and discovered as a substitute for Castor Oil in the ailments of Infants and Children.

Your physician will tell you this for he knows that preparations put on the market for adults are not adaptable for the very young and he is particularly interested in your baby.

Children Cry For

Fletcher's CASTORIA

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy: why you must insist on Fletcher's? For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous.

"Won its favor through its flavor"

TRUTH

An open letter by W. K. Kellogg.

I am firmly convinced that truth only convinces in the end.

No matter how a man or an institution may try to detract the public's mind from the main issue by a wilderness of words, his product stands or falls upon the truth or untruth of his statement.

The public always is finally convinced by truth and truth alone.

So, disregarding the claims and counter-claims of the imitators, simply make this one statement that

Kellogg's

TOASTED CORN FLAKES

Sold only in FLAVOR-HOLDING

WAXTITE

MOISTURE-PROOF PACKAGES

is the most delicious, nutritious and crispest corn flake on the market, and the full, carefully-packed Waxtite package preserves the goodness.

Kellogg's Toasted Corn Flakes are wholly different from the limp, tough, leathery, carelessly-packed flakes so often substituted.

To make this so is my life's business. To find out that it is so, is your business. You are the Court of last appeal. Try—compare any other corn flakes on the market, then buy of your Grocer one package of Kellogg's Toasted Corn Flakes, in the Waxtite wrapper—you and your family will eat every bit of it.

If this is not the best Corn Flake you ever ate, your grocer will refund your money. It costs you nothing to find out the truth and it is very much worth your while.

Sincerely yours,

W. K. Kellogg

President.

WHY NEW VICTORY LOAN IS ISSUED

Money Needed to Finance Big
Expenditures Arising From
the War

How Proceeds of the Past
Domestic Loan Were
Spent

Ottawa, Sept. 30.—Canadians are again called to come forward and place their money at the service of their country. The appeal on behalf of the Third Victory Loan is quite as urgent as any previously made. The war has been won, but the price in dollars and cents has not yet been fully paid. Our soldiers have done their part—50,000 of them lie on Flanders' fields. It remains for others to do theirs. This may be done by subscribing as liberally as possible to the new loan. It must be done.

Canada owes a debt to her soldiers that money can never repay. To those who laid down their lives in her service she owes it to make ample provision for those who have been left behind. This must be done through pensions to widows and fatherless children of tender years, who must not be allowed to lack anything that is necessary to their proper care and up-bringing. Then there is the country's debt to her disabled veterans, those who through disability are handicapped in the battle of life—this too must be discharged.

The loan is a challenge to the national spirit. Having secured a recognized place at the Peace Conference and being one of the original members of the League of Nations, Canada has attained the status of nationhood, which is a great honor. But nationhood brings its responsibility, as well as its honors. One of these is that of assuming a nation's financial obligation. It is hoped that Canada, which sent 420,000 men overseas, of whom 60,000 laid down their lives, while 225,000 were wounded, will not hesitate to subscribe another \$500,000,000 in order to settle her war bills. Being in the highest sense a debt of honor, these must be paid and Canada must also give another demonstration that as a nation she is both willing and able to do so.

Canada responded enthusiastically to all former appeals, giving on several occasions double the amount asked—and she did this before the international recognition of her new status was accorded her. To date she has practically met, out of the funds provided by her own people, her total war expenditure. Through the five war loans that have been issued the people of Canada have subscribed \$1,670,000,000. In doing so they have surprised both themselves and the world. They have established their financial independence, so that of the total net national debt of \$1,572,225,791, on July 31, all but \$127,000,000 is payable in Canada. Canadians must raise the remaining amount asked, for through this new loan, in order that they may be able to say that they provided for the total loan expenditure out of their own pockets, and in order that the Dominion's financial strength may again be demonstrated.

Notwithstanding their heavy purchase of war bonds the people of Canada are much better off to-day than ever before. For one thing they are drawing \$75,000,000 a year in interest on their own war bonds. They are keeping this money at home, circulating among themselves, rather than sending it abroad and thus presenting to other countries the first fruits of their own industry. So this extensive buying of war bonds has been good business. It has given Canadians confidence in their own country. It has also taught them to save and invest wisely, and in doing so they have become better citizens. All this must be kept up, and this can best be done by subscribing to the new loan.

The amount required can be raised, for Canadians are well able to do it. They have the money. The bank statements show this. On July 31, there were in the banks of this country deposits totalling \$1,759,263,918. Of this amount \$1,715,092,153 was in the form of savings. And these deposits are growing by leaps and bounds. In July, 1918, the savings deposits were \$932,015,137, or, in other words, there has been an increase of \$183,077,016 during the year. Nor is this all. This increase was reported in spite of the fact that the people of Canada actually subscribed \$500,000,000 in new money for the Victory Loan of last fall. Canada has the money all right and it is rapidly increasing. A portion of it should be put to the best possible use, that of paying the price of victory.

How the Money Will Be Spent.
The fighting is over but the bills still come in. In expenditure this is as much a war year as any. The war vote during the last parliamentary session was \$350,000,000, all of which, save possibly \$50,000,000 for credits, being intended for the payment of expenditures arising out of the war.

Coming to particulars, there are war gratuities paid to members of the Canadian Expeditionary Force. These, as is well known, are a continuation of a soldier's pay during a period which, at the longest, is six months from the date of discharge. It is estimated that these will call for \$120,000,000. Of this amount \$61,000,000 will come out of the proceeds of the loan.

Soldier Settlement Scheme.
The Soldier Settlement scheme is the biggest undertaking of its kind launched by a Canadian Government. Its purpose is to settle returned sol-

diers on land and to advance them sums not to exceed in the aggregate \$7,500, with which to pay for either land, livestock, buildings, implements, or for the making of other improvements. While it was thought that quite a number of soldiers would take advantage of the opportunity to go on the land, still the actual number has so far exceeded expectations. Hon. Arthur Meighen, who is head of this department said recently that the Government's commitment on this scheme would probably equal that of war gratuities, or \$130,000,000. The vote on this account for the present year was \$25,000,000, but to date \$50,000,000 have been loaned. Over 30,000 applications have been received and the number is still growing. The money, of course, is only loaned; but it will have to be paid out and the present loan will help to provide it.

Soldiers' Civil Re-Establishment.
The work of the Soldiers' Civil Re-Establishment Department, which has to do with the placing of the soldier back into civil life under conditions as good, if not better, than those which he left when he went to war, costs a lot of money. The appropriation for this year's work is \$32,348,000. A few weeks ago this department had 11,000 patients under treatment. It has given service to over 14,000 amputation and orthopaedic cases and supplied over 3,500 artificial limbs. Recently there were 11,500 men in training in the classes conducted by the department, and over 4,000 have graduated.

Credits.
During the war period Canadian industries were stimulated to such a high degree that the sudden cessation of hostilities gave rise to fears that if these industries could not be kept going, business stagnation might result with disastrous consequences to the country. In order that foreign business might the more easily be secured the Government granted credits of \$25,000,000 each to Belgium, France, Greece and Roumania. Larger credits have been granted to the Imperial Government, including one of \$50,000,000 to finance Canadian timber purchases. Arrangements have also been made to finance the sale of this year's wheat crop. The money for this will naturally come from the loan.

Other Large Expenditures.
The war being over it was deemed wise to pause, work on several public undertakings, which had been suspended while hostilities were in progress. Such action was also prompted by a desire to provide ample employment for the thousands of returning soldiers. As a result \$10,000,000 were voted for public works and canals chargeable to capital account. This money also will have to be obtained chiefly through the loan.

It may be asked, could not these expenditures generally be met out of general revenue? This is impossible, the revenue in sight being inadequate to meet them. In his budget speech Sir Thomas White estimated the revenue at \$270,000,000, whereas the total appropriation runs in the neighborhood of \$800,000,000.

The customs, which is the chief source of revenue, is expected to yield \$145,000,000, it being estimated that the reductions in duties will mean a loss of \$17,000,000. From the Business Profits Taxes \$35,000,000 are expected; from Excise \$30,000,000; from the Income Tax \$20,000,000 and other sources \$50,000,000. Obviously the discrepancy between income and expenditure this year is so great that a large loan must be issued.

How Proceeds of 1919 Loan Were Spent.
In the first place the sum of \$175,000,000 was applied to repay temporary loans made by the banks to the Government. War and demobilization expenditures up to August 1 of this year used up another \$276,000,000. War gratuities took \$59,000,000. Large credits and initial payments on a number of capital undertakings authorized by Parliament claimed the rest. Every department of the Dominion's industrial life felt the benefit of the credits granted by the Government and which were made possible by the huge subscription to the loan. Among the credits granted were the following: to finance the sale of wheat crop \$145,000,444; other foodstuffs \$15,500,000; timber \$12,400,000; salmon pack \$9,000,000; British shipbuilding \$2,000,000; interest payments due in Canada \$7,000,000. There were also a little over \$8,000,000 of foreign credits.

Sufficient has been said to show that the money asked for through the loan is urgently needed, also that the proceeds of the last one were wisely spent. The new must be liberally subscribed for, because Canada must wipe the slate clean of her war expenditure. This is a CLEAN UP LOAN. It is part of the covenant made with those who went to war—with those who laid down their lives—that Canada would stand close behind them and see that nothing was lacking. Thus supplies were provided, services contracted for and rendered. Obligations for the dependents of soldiers who died in the war and others disabled have been incurred. All these must be met. Canada's honor and her credit are at stake. Both must be sustained. To do so requires no sacrifices, hardship, or even inconvenience. It demands nothing more than service, which pays rich rewards in monetary returns and in a sense of duty done.

MAKING GOOD PROGRESS

Excavation Work on C.N.R. Terminal Site Will Be Completed Very Shortly.

Thirty-six thousand yards of material have been removed from the Canadian National Railways terminal site on the Songhees Reserve by the contractors, Palmer Bros., and it is expected that within a short time the remaining 10,000 yards will have been shifted. Work will then commence on laying the three miles of track along the island road.

DOMINION TIRES

The Favorite Tires of Experienced Motorists

WHEN a man buys his first automobile, his mind is on the car as a whole—not on individual parts. Often, he is content to accept the tires that go with the car.

BUT experience sharpens judgment. He keeps a record of tire service. He weighs cost against mileage. He talks tires with other motorists. He finds out—by the speedometer—that **DOMINION TIRES** give more mileage, less trouble and more satisfactory service in every way.

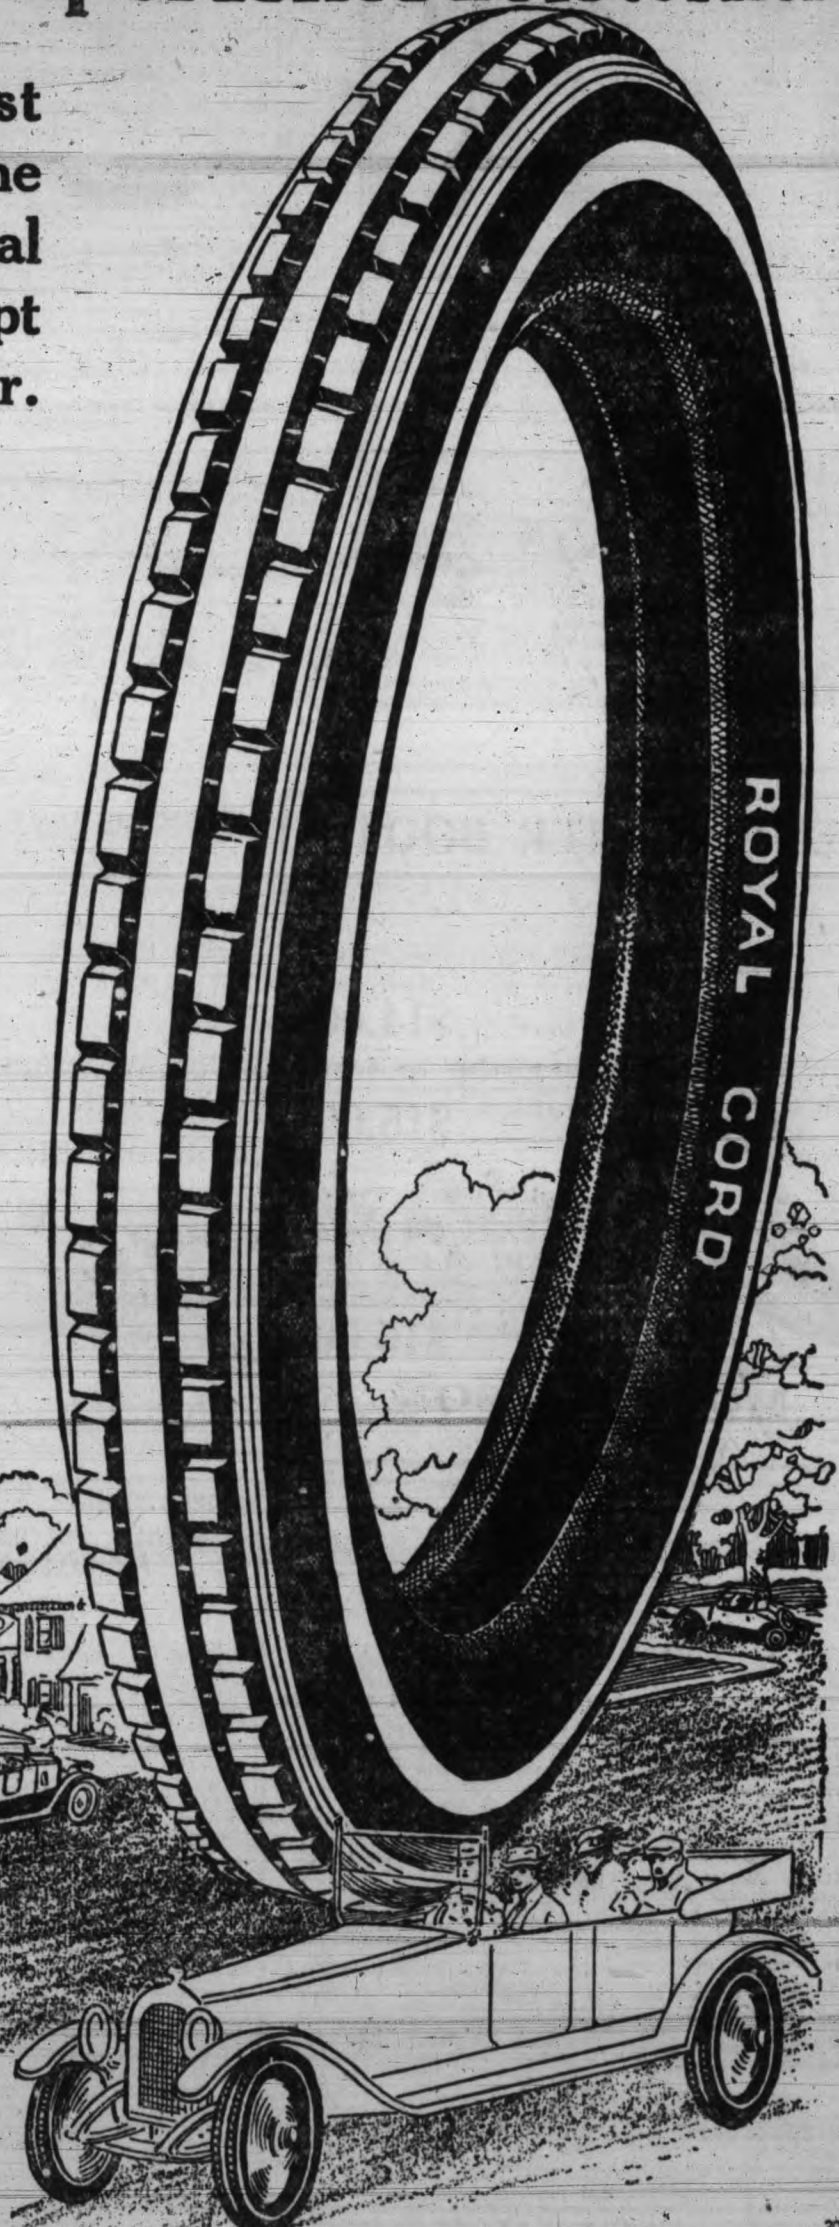

THIS is why **DOMINION TIRES** have the largest sale in Canada among experienced motorists. They know that **Dominion Tires** are Good Tires—and you will know too after you have tested **Dominion Tires** on your car.

SIX treads—for every size and make of car, for business and pleasure—and **Dominion Inner Tubes** to give you perfectly balanced tires.

Dominion Tires are sold by the best dealers throughout Canada. Ask for and insist on having Dominion Tires.

Dominion Tires are Dominion Rubber System products—perfected by the same organization making and distributing:—

"Dominion" Rubbers, "Fleet Foot" Shoes, "Dominion Raynsters", "Rinex" Soles, "Dominion" Belting, Hose and Packing, "Dominion" Druggists' Rubber Sundries.

Tenders for the construction of a round house will be called for next week.

The wet weather is interfering with the excavation work as the steam shovels and teams cannot make very good progress in the moist clay. D. O. Lewis, resident manager of the C.N.R., states that good progress is being made with the construction work at different points along the island road.

PRIVATE EMPLOYMENT AGENCIES CEASE TO-DAY

By order-in-council passed by the Provincial Executive Council recently it was provided that on October 1 next the provisions of the Act passed at the last session of the Legislature, termed the "Act to re-

peal the Employment Agencies Act," shall come into effect. As a result, employment agencies which have hitherto been operating as businesses will have to discontinue their operations.

With the bringing into effect of the Government employment bureau at all the leading points of the province, a policy which provided free means to those seeking employment

or help, it was deemed wise that the private agencies should be eliminated, and the act passed at the last session was designed for that purpose, authority being given to the Lieutenant-Governor-in-Council by proclamation to effect that end. The Order-in-Council now passed will therefore terminate the private employment agency business to-day.

AND MEN MUST TOIL.

The day was hot, the hour rapidly approaching closing-time, and the salesman thoroughly worn out and tired. Still, he was a good salesman, and the customer before him a lady faultlessly attired in next year's fashions—had all the appearance of being a really good patron. Cheerfully, therefore, he unrolled and re-rolled piece after piece of

linoleum for her inspection. But all to no purpose. Nothing, it seemed, could satisfy her hypercritical taste. "I'm extremely sorry, madam," said the salesman, "but I'm afraid I've shown you all the linoleums I have in stock. Of course, I can get some more up from our factory; and if you care to call again to-morrow—" "Yes," broke in the customer, "perhaps I'd better leave it at that. You see, I want quite a small design—something suitable for the floor of a

THE CORPORATION OF THE DISTRICT OF OAK BAY.

BY-LAW NO. 280.

A BY-LAW

To Raise the Sum of \$65,000.00 for School Purposes.

WHEREAS the Board of School Trustees of Oak Bay did cause to be prepared and laid before the Municipal Council of the Corporation of the District of Oak Bay, on the 2nd day of September, 1919, being the date of the year 1919 fixed by resolution of the said Municipal Council for such purpose, detailed estimates of the further sums required to meet the purpose of extraordinary expenses of the said Board of School Trustees of Oak Bay, namely, school building to be erected on that portion of Section 61, Victoria District, owned by the Corporation of the District of Oak Bay, registered in the Land Registry Office at the City of Victoria under Indefinite Certificate No. 4217, and lying between Cadboro Bay Road and Musgrave Street;

AND WHEREAS the Municipal Council of the Corporation of the District of Oak Bay, on the 2nd day of September, 1919, did approve of the said estimated expenditure of sixty-five thousand dollars (\$65,000.00) for the said purpose and did resolve that the said Board of such its disapproval;

AND WHEREAS the Secretary of the said Board of School Trustees of Oak Bay has, in writing, requested the Municipal Council of the Corporation of the District of Oak Bay, to submit for the consideration of the Municipal Council of the Corporation of the District of Oak Bay, the proposed expenditure and the raising of the money upon the credit of the Municipality of the Corporation of the District of Oak Bay;

AND WHEREAS in order to raise the said sum of sixty-five thousand dollars (\$65,000.00) and provide the expenses in connection with the issuance of the loan, it is necessary to borrow the sum of sixty-eight thousand dollars (\$68,000.00);

AND WHEREAS the amount of the debt which this by-law is intended to create is the sum of sixty-eight thousand dollars (\$68,000.00);

AND WHEREAS the said debt is to be created for the purpose of raising the cost of erecting the hereinbefore mentioned new school building, as aforesaid, and expenses in connection with the loan;

AND WHEREAS the amount required to be raised annually in accordance with the Municipal Act for paying the debt to be created hereunder is the sum of two thousand two hundred and eighty-three dollars and fifty-eight cents (\$2,283.58), and for paying the interest thereon is the sum of three thousand seven hundred and forty dollars (\$3,740.00);

AND WHEREAS the amount of the whole rateable land and improvements within the Municipality of the Corporation of the District of Oak Bay, according to the last revised assessment roll of the Municipality, namely, the assessment roll for the year 1919, is eight million two hundred and twelve thousand eight hundred and thirty dollars (\$8,212,830.00);

The Municipal Council of the Corporation of the District of Oak Bay hereby enacts as follows:

1. The expenditure of the sum of sixty-five thousand dollars (\$65,000.00) for the erection of a new school building on the lands hereinbefore described is hereby authorized.

2. That for the purpose aforesaid there shall be borrowed upon the credit of the Corporation at large, by the issue and sale of the debentures herein-after mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same as a loan, a sum of money not exceeding in the whole the sum of sixty-eight thousand dollars (\$68,000.00) in currency or in the alternative thirty thousand nine hundred and seventy-two pounds twelve shillings and two pence (£37,572 12s. 2d.) in sterling money, and such sums so raised or received shall be paid into the hands of the Treasurer of the said Corporation for the purpose and with the object hereinbefore recited.

3. It shall be lawful for the Reeve of the Corporation of the District of Oak Bay to cause any number of debentures to be made, executed and issued, for such sums as may be required, not exceeding, however, the sum of sixty-eight thousand dollars (\$68,000.00), each of the said debentures being for an amount not less than one hundred dollars (\$100.00), and all such debentures shall be sealed with the seal of the Corporation and signed by the Reeve and by the Treasurer of the Corporation. It shall be lawful for the said Reeve in his discretion to alternately cause each of the said debentures to be made, executed and issued, for an amount not less than twenty pounds (£20) sterling, with the exception of one debenture which may be for a less sum in sterling money to complete the authorized issue.

4. The said debentures shall bear date the fifteenth (15th) day of October, 1919, and shall be made payable twenty (20) years from the said date, in Canadian currency, or in sterling money, at the option of the holder, at such places either in the Dominion of Canada, Great Britain or the United States of America, as the Council shall by resolution decide, and shall have attached to them coupons for the payment of interest, and the signatures to the interest coupons may be either written, stamped, printed, lithographed or engraved.

5. The said debentures shall bear interest at the rate of five and one-half per centum (5½%) per annum, from the date thereof, which interest shall be payable half-yearly on the fifteenth (15th) day of April and the fifteenth (15th) day of October in each year during the currency of the said debentures in Canadian currency or sterling money of Great Britain, at such place either in the Dominion of Canada, Great Britain or the United States of America, as the Council shall by resolution decide.

6. It shall be lawful for the Council of the said Corporation to discontinue or to authorize the Treasurer of the Corporation to discontinue the issue of the said debentures at any time, and all expenses connected with the preparation and engraving or lithographing of the said debentures and coupons and any commission or other charges incidental to the sale of the said debentures.

7. During the currency of the said debentures, or any of them, there shall be raised annually the sum of two thousand two hundred and eighty-three dollars and fifty-eight cents (\$2,283.58) for the purpose of creating a sinking fund for the payment of the principal of the debt at maturity, and the sum of three thousand seven hundred and forty dollars (\$3,740.00) for the payment of interest thereon, making in all the sum of six thousand and twenty-three dollars and fifty-eight cents (\$6,023.58) to be raised annually.

8. The said sum of six thousand and twenty-three dollars and fifty-eight cents (\$6,023.58) shall be raised and levied in each year during the currency of the said debentures, or any of them, by a rate sufficient thereon on all the rateable land, or lands and improvements, within the Municipality of the Corporation of the District of Oak Bay.

9. This by-law shall, before the final passing thereof, receive the assent of the electors of the Municipality of the Corporation of the District of Oak Bay, in the manner provided for in the Municipal Act.

10. This by-law may be cited as the "School Loan By-law, 1919."

TAKE NOTICE that the above is a true copy of the proposed by-law upon which the vote of the Municipality will be taken at the School Building, 2167 Oak Bay Avenue, on Saturday, the fourth day of October, 1919, between nine o'clock a.m. and seven o'clock p.m.

O. W. ROSS, Municipal Clerk.

NUXATED IRON

"Say, Doctor, This Prescription Works Like Magic."

Physician Says Nuxated Iron Quickly Puts Astonishing Strength and Energy Into the Veins of Men and Brings Roses to the Cheeks of Nervous, Run-Down Women.

Ask the first hundred strong, healthy people you meet to what they owe their strength and see how many reply "Nuxated Iron." Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "Thousands of people suffer from iron deficiency but do not know what to take. There is nothing like organic iron—Nuxated Iron, to enrich the blood, make beautiful, healthy women, and strong, vigorous iron men. To make absolutely sure that my patients get real organic iron and not some form of the metallic variety, I always prescribe Nuxated Iron in its original package. Nuxated Iron will increase the strength and endurance of weak, nervous, run-down folks in two weeks' time in many instances."

MANUFACTURER'S NOTE: Nuxated Iron recommended above by Dr. Sullivan can be obtained from any good druggist with or without a physician's prescription on an absolute manufacturer's guarantee of success or money refunded.

Sold in this city by Cyrus H. Rowes and all other druggists.

ALBERNI HAS BEEN FEELING LONELY

"World Not Aware of Us," Citizens Say; Publicity Is—and's Great Need

"Heretofore we have suffered in the Alberni because the rest of the world has hardly seemed to be aware of our existence. We are glad to assist the Victoria and Island Development Association in their work, as already we are beginning to feel the effect of that work in an awakened public interest."

This is what the representatives of the Board of Trade in Alberni told Mrs. N. de B. Shaw, publicity writer for the Victoria and Island Development Association, when she was last returned from a tour of the island in connection with her work.

"The result of my trip has been that I have a much closer acquaintance with the different districts, their resources, their opportunities and their needs than would be possible in any other way than by personal communication," said Mrs. Shaw today. "I have been furnished with much information which will be of valuable assistance in the preparation of articles and pamphlets."

"Everywhere I went I found the people, once they had become acquainted with my mission, very eager to be of any service, and to facilitate my work in any way possible."

"I came in touch with the various Boards of Trade and heard their views with regard to the development of this island and what the island most needs to bring this development about. I think I can claim that the unanimous opinion expressed was that the greatest factor in the development of this island is publicity."

Mrs. Shaw is now busy writing articles on Vancouver Island, for "Pacific Travel," "The Canadian Magazine," "Industrial Canada," "Pacific Ports," and "Pacific Shipping."

LIFT CORNS OFF IT DOESN'T HURT

With fingers! Corns lift out and costs only few cents

Pain? No, not one bit! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift that bothersome corn right off. Yes, magic! Costs only a few cents.

Freezone! Your druggist sells a tiny bottle, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the mysterious ether discovery of a Cincinnati genius.

NOW for the man and woman who is kicking about tight money—this is for you. YOU'VE BEEN talking about cutting down. Why don't you?

IVER SMITH is selling out Morrin & Thompson's entire stock and they want to get rid of the stock quickly. We are willing to take about wholesale cost for anything in the house, but we don't expect you to believe it unless you come around and see.

ALTOGETHER this Sale is going to be immensely helpful to lots of folks while it lasts. Some of the prices are quoted to-day to show the character of the Sale.

FOR EXAMPLE:

All the \$8.00 Stetson Hats are marked	\$6.40
All the \$5.00 Christy's Hats are marked	\$3.50
All the 60c Gingham and Scrims, Sateens and Flannelettes are 3 yards for	\$1.00
All \$10.00 Men's Slater Oxfords or Button Oxfords now	\$4.90

We sold 12 pairs of these shoes and 24 Stetson hats to a dealer Monday—and we didn't cut the sale price a nickel—simply because we didn't have to—and he knew it.

All Stanfield's and Watson's Underwear are a quarter off regular retail prices.

British Wool is \$3.00 per pound and Darning Wool is two cards for 15c. \$2.00 Men's Caps are selling at \$1.35, and the largest stock of Gloves for men, women and children ever brought to Victoria are selling at a fourth less than regular.

PLEASE come early and buy quickly—keep good natured—get in and get out as quickly as you can—there'll be lots of folks waiting to take your place.

BUY with confidence. Everything is marked in plain figures. If anything goes wrong, bring it back and get your money.

IVER SMITH

Selling Out Morrin & Thompson Stock
909 Government St. Opposite Post Office

IVER SMITH SELLING OUT SALE.

DUCAL PARTY WERE VISITORS TO SHOW

Duke of Devonshire and Lady Dorothy Cavendish at New Westminster

New Westminster, B. C., Oct. 1.—Despite the rain, a large and representative gathering of New Westminster and district citizens, welcomed the Duke of Devonshire, Governor-General of Canada, and his daughter, Lady Dorothy Cavendish, to the Royal City, yesterday afternoon. A few minutes after five the party arrived at the Agricultural Building and were escorted to the platform by Mayor Gray and President C. A. Welsh, of the R. A. and I. Society. At the entrance His Excellency was greeted by members of the City Council. President Stevens, of the Board of Trade, Secretary Masel of that organization, T. J. Trapp and Mrs. Barnard of the School Board, T. A. Barnard of the Great War Veterans' Association, and other prominent citizens. On the platform were women representing the various women's societies of the city.

Mayor Gray welcomed the viceregal party to the city in the name of the citizens. In replying the Duke declared that the people had a splendid outlook for the future, with such a great Empire and such a splendid Province as a part of this Empire. He cited the wonderful resources of mining, agriculture, fishing and lumbering in British Columbia.

The Empire was proud of the great

work by the Canadian soldiers, and all honor was due to the war veterans for their noble work, he said. He appealed for all to use for the advancement and prosperity of the Empire for the future. In concluding, he complimented the R. A. and I. Society for the splendid fair it had staged.

Lady Dorothy Cavendish was presented with a basket of fruit by Mrs. C. A. Welsh on behalf of the citizens and ladies of Westminster, and was entertained at tea.

COUNTY COURT DATES

Judge Lammman at the opening of the October list in the County Court to-day set the dates of the following trials:

October 17—W. H. Whittaker vs. Mr. Paterson; W. H. Whittaker vs. E. T. Hodgkinson.

October 21—G. Invert vs. H. Milne.

October 23—Rex vs. Silver Spring Brewery.

October 24, S. Weaving vs. G. T. Crowther.

October 28—Rex vs. Lee Wo; Rex vs. Sam Kee; Rex vs. Geo Lee; Rex vs. Sam Chong; Rex vs. We Wo Lung.

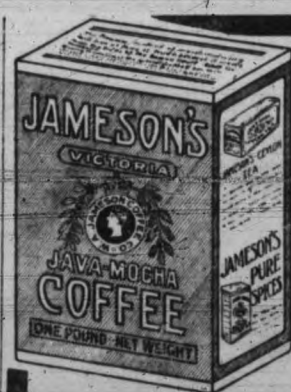

October 29—H. T. Brenen vs. P. Comerford.

October 30—Towler vs. Hudson.

A number of other cases have been stood over, while the dates of others are yet to be fixed.

LAST SHIP FLOATS FROM POINT HOPE

Montreal Launched Yesterday
Afternoon by Mlle Yvonne
Léteu

SUN PIERCED CLOUDS AS VESSEL GOT AWAY

"Only one more," exclaimed Mlle E. Triqueaux, French High Commission representative here, as the Montreal swept majestically into the waters of the Upper Harbor yesterday afternoon from the Point Hope plant of the Foundation Company. The remark had reference to the approaching completion of the fleet of twenty wooden steamships built here by the Foundation Company to the order of the Republic of France.

The Montreal was the last of ten ships laid down at Point Hope and her launching yesterday marked the termination of a period of shipbuilding activity which was inaugurated but a year ago.

The Nouvelle Ecosse, to be launched October 9 by Mrs. Bayly Hopkins at the Point Ellice yard, will wind up the French construction contract. Despite the inclement weather, which somewhat marred the ceremony, the launching of the Montreal was as successful as the rest of the vessels consigned to the deep from this plant.

Mlle. Léteu Sponsor.

The ship, officially known as Hull 215, was christened by Mlle Yvonne Léteu, daughter of Captain Georges Léteu, Inspector de la Navigation Maritime, and deck representative for the French High Commission at Vancouver.

The Vancouver boat was delayed in crossing the Gulf and the sponsor's party arrived at the yards but a few minutes before the hour scheduled for the ceremony.

The sun broke through the heavy clouds as the sponsor broke the champagne bottle across the bows of the ship.

As the vessel cut the water she checked nicely and was promptly picked up by waiting tugboats.

On behalf of the Foundation Company and the French Government, Manager Edw. E. Jenkins presented Mlle. Léteu with a golden souvenir of the occasion.

The Guests.

The invited party guests of the sponsor were the following: Monsieur and Madame E. Chevalier, French consul; Mr. and Mrs. C. Gardner Johnson, Dr. and Mrs. W. E. McKay, Dr. H. Ashton, Miss Montclair, Mr. and Mrs. Coventry, Mlle. Foucart, all of Vancouver; B. C. Mayor and Mrs. R. J. Porter, E. E. Triqueaux, Mr. and Mrs. W. G. Winterburn and Family, A. O. P. Francis, Mr. and Mrs. Bayly Hopkins, Mr. and Mrs. E. E. Jenkins, Mr. and Mrs. J. E. McCormick, Major and Mrs. F. B. Edwards, Mr. and Mrs. E. White, F. White, Capt. H. Wayland, T. J. Jackman, George H. Wayland, Mr. and Mrs. R. T. Freeman, Newton Eullen, Mr. and Mrs. E. E. Ewers, Mr. and Mrs. D. D. Long, Frank Haviside, Mr. and Mrs. Joseph McKay, Mr. and Mrs. S. M. Shaw, Mr. and Mrs. H. Barnett, Mr. and Mrs. W. Hodgson, J. Thomas.

About five hundred men were automatically laid off with the launch of the Montreal.

WIRELESS REPORT

IMPERATOR'S CREW ARRIVES AT HALIFAX ON LINER CARMANIA

Halifax, Oct. 1.—The steamship Carmania, which arrived here yesterday with soldiers, dependents and a large number of passengers for New York, also brought 458 officers and crew intended to take charge of the former German steamship Imperator. She sailed for New York yesterday afternoon. The men learned on arrival of the change in the arrangements under which the Imperator is not to pass to the Cunard Company as expected.

DUE FROM AUSTRALASIA ON SATURDAY

CANADIAN-AUSTRALASIAN LINER MAKURA

WHITE STAR LINE IN FIFTIETH YEAR

Famous British Shipping Corporation Began Its Operations in Year 1869

FROM FIRST OCEANIC TO GIANT OLYMPIC

On either side of the Atlantic the jubilee anniversary of the White Star Line is being observed. It was in the month of September, 1869, that the White Star Line assumed the corporate title of the Oceanic Steam Navigation Company, Ltd., but seventy years have elapsed since the red swallow-tail house flag of the White Star Line first flew from the masts of the famous clipper ships.

For about seven years these clipper ships sailed to and from the gold diggings of Australia, carrying over half a million adventurous souls, until the pressing demand for freight and passage to and from America resulted in the company entering the transatlantic trade, in which it has attained great prominence. At the time of the company's formation a high class fleet was contracted for, the builders, Messrs. Harland & Wolff, at Belfast, being given a free hand, a policy ever since pursued in construction of the White Star vessels. This freedom of effort has permitted the builders to make each succeeding steamer of the fleet, since those palmy days of '69, the best and most representative in type. Into each succeeding vessel has been built all the latest devices for safety, seaworthiness and comfort—the result of each decade's experience being availed of to the fullest extent. From the old Oceanic, the first steamer of the fleet and the wonder of the Atlantic in the '70's to the huge Olympic of to-day—the largest steamer yet produced by British labor—is indeed a far cry. During these fifty years the name of the White Star Line has become a household word the world over.

In peace and in war its sturdy fleets have transported millions of passengers and millions of tons of freight across all the famed seven seas; and it can be truly said that the line has contributed in no small measure to the social and commercial advancement of the earth.

The First Oceanic.

The first Oceanic—for she was succeeded two decades later by a much larger Oceanic—was planned in 1869, was 420 feet long. Her gross tonnage was 3,707, while the Olympic, her latest successor, measures 46,359 tons, is 882½ feet long and 92½ feet wide. In the original Oceanic was first introduced the dining saloon located amidships, staterooms with unusually large side-lights and a wide promenade deck. In consuming sixty-five tons of coal per day the ship was driven across the sea at fourteen knots, a "high" speed in those days, which with the regularity of her voyages, soon made her famous on both continents. Her trips from Queenstown to New York averaged 8½ days. The Oceanic ended her career in 1896 after a number of successful years in the Oceanic Company's trans-Pacific service to which she was transferred in 1872.

Ships of 5,000 Tons.

In the year 1872, in White Star history, produced the first Celtic, followed by the Asiatic, Tropic, Gaelic and Belgic. In 1874 and 1875 came two steamers, destined to be known most favorably and to serve the White Star Line for many years—the Britannic and Germanic—each of more than 5,000 tons. These splendid ships made a decided advance in trans-Atlantic crossings, the Britannic in 1877 reducing the time considerably and beating by three hours the best previous performance of any liner.

About this time an experiment was made by the White Star Line to replace the oil lamps on board by gas lighting. The first steamer so fitted was the Adriatic—first of her name—followed by the original Celtic. The gas was made from oil by an apparatus carried on board, and, although the new illuminant produced a marked improvement, much trouble was caused by leaky pipes, produced by the "working" of the ship at sea, and the system was abandoned. A further unique experiment in the early seventies, when fear of mal-de-mer prevented many would-be voy-

agers from crossing the sea, was the adoption of "oscillating" staterooms and berths to counteract the motion in a heavy sea. But this idea was quickly abandoned. The lifting and whirling of the propeller out of water has, in its day—now happily past—caused much wretchedness and suffering, and in an earnest endeavor to eliminate this and assure its patrons more comfort, the ingenious idea was conceived of raising and lowering the propeller to suit weather conditions. Like many other experiments in the old days this also failed.

Forward Step.

The White Star Line's greatest forward step in the trans-Atlantic shipping world was the building in 1889 of the famous steamers Majestic and Teutonic. While the former was sold in 1907 to be broken up, the Teutonic crowned herself with new laurels in the great war, by active fast scout service for the British Government, and many a Canadian regiment which has crossed the sea during the submarine campaign has had cause to be thankful for the Teutonic's presence. These two staunch vessels approximated 600 feet in length over all, and from them all attempt at using sails to assist or steady the vessel was dispensed with. Thus the "yard-arm" of the old type steamers gave way to the present day pole masts of the great liners. The Majestic and Teutonic, with each other in the regularity and rapidity of their Atlantic crossings, each in turn holding "records."

In 1889 the Oceanic was produced by the Harland & Wolff yards. She was the first steamer to exceed in length the famous but unsuccessful Great Eastern. In her the White Star Line added more than 190 feet to the length of its vessels, as contrasted to the Majestic and Teutonic. The Oceanic was christened "Queen of the Seas" and was built with the sole idea of a voyage across the pond in seven days to meet the requirements of travelers to whom comfort came first. Then followed in quick succession the Celtic (1901)—second of her name—the Cedric (1903), Baltic (1904) and Adriatic (1907), each well over 20,000 tons, all of them in present active service, having successfully outmaneuvered the U-boats during the war. The Arabic (1903) met her fate at the hands of the Hun in 1916, but, owing to special precautions and the excellent seamanship displayed, there was but a small loss of life aboard.

Canadian Service.

In 1909 came the Laurentic, so familiar to Canadians as the premier steamer in the Montreal trade following the same year by her sister vessel Megantic, now travelling regularly on the short and scenic St. Lawrence route to Liverpool. The Laurentic and Megantic both saw active service as fast scouting steamers and troop transports, but it fell to the fate of the Laurentic, after months at sea on war duty, to be sunk by a torpedo. The White Star's new steamship Regina, already in active service on the Atlantic and even larger than the Laurentic, when completely fitted out for passenger trade, will no doubt succeed to the Laurentic's place of favor with the ocean going traveler.

The Leviathan.

In the Olympic is epitomized all the progress and experience of the White Star Line in its fifty years of trans-Atlantic work. This is the ship of which Britain may well be proud, staunch in every part, overpowering in her immensity, she well deserves the half-involuntary compliment of an astonished soldier from the plains of the west.

To this fine ship fell the honor to carry across the Atlantic to the mighty conflict many thousands of Canada's brave sons, and to bring back to the homeland many thousands of those whose lives were spared from the grim monster of war, but many of whom bear the scars of glory. Their families, too, returning from England to Canada, have felt secure upon the Olympic's decks, as the great ship threaded her way unscathed, across the ocean. During the war the Olympic steamed 184,000 miles and consumed 347,000 tons of coal, without the slightest accident or delay. Often carrying 6,000 troops besides her crew of 1,000 men, the Olympic alone transported 100,000 Canadian troops and over 45,000 United States troops during the war. She was also prominent as a trooper in the Gallipoli campaign, carrying 25,000 men to that front. The British Government has also recognized in its war record that the Olympic skillfully manoeuvred, rammed and sank a German submarine, for which the commander, Captain E. F. Hayes, and others aboard have received official citations. It may also be well to note here

that the White Star Line steamers transported more than 548,000 troops during the conflict—a stupendous achievement, and at the same time carried 4,250,000 tons of cargo.

The White Star fleet now numbers thirty vessels, totaling 350,000 tons gross register, despite war time losses of such fine large ships as Britannic, sunk in hospital service, Arabic, Cymric and others.

Several steamers are under construction for the line, and the company's Mediterranean services are again in active operation. Travel conditions may also warrant, in the near future, the resumption of the White Star's winter cruising trips to the West Indies and to the Mediterranean, Egypt and Palestine.

NO STRIKE AT SEATTLE PLANTS

Trouble Averted by U. S. Government Order Forbidding Increases

50,000 WORKERS OUT AT SAN FRANCISCO

Seattle, Oct. 1.—Seattle shipyards were being operated as usual to-day, the local shipyard unions having decided last night to obey the instructions of James O'Connell, vice-president of the Metal Trades Division of the American Federation of Labor, and remain at work.

Tacoma, Wash., Oct. 1.—Few of the employees of the Todd Shipyards here went to work this morning. The yards were open for those who desired to work. When street cars and automobiles began carrying workmen to the plant speakers appeared on the downtown corners and asked that the strike become effective. Considerable crowds gathered and at 8:15 this morning the plant management reported that only a very few men were on the job.

A conference between the yard management and the Metal Trades Union was held until an early hour to avert the strike. The union refused to rescind the strike order unless the new wage scale, which was to go into effect to-day, was signed and paid. The yard management took the attitude that it was powerless to act in the face of the suspension of the scale by the United States Shipping Board.

Operating at Portland.

Portland, Ore., Oct. 1.—Shipyards in the Portland district were operating to-day, as the instructions of James O'Connell, vice-president of the Metal Trades Division of the American Federation of Labor, received late last night, were obeyed and the workers showed up as usual.

San Francisco Solid.

San Francisco, Oct. 1.—Approximately 50,000 workers in the shipyards and the contract shops in the San Francisco Bay region went on strike to-day following the proposed suspension of a wage agreement by the United States Shipping Board. The Shipping Board in a later announcement said the advanced wage might be paid if the Government were not forced to meet it in any way.

At Los Angeles.

Los Angeles, Cal., Oct. 1.—A number of shipyard workers at the Long Beach and Southwestern shipbuilding plants in the Los Angeles harbor district went on strike to-day to enforce demands for wage increases. Neither shipyard officials nor union leaders had estimated the number out at an early hour to-day.

VESSELS' MOVEMENTS

Steamer arrivals, Sept. 30.—Str. Carmania, at Halifax from Liverpool; str. Genevieve, at Halifax from Boston.

Sailed—Str. Carmania, from Halifax for New York; str. Amanda, from Halifax for the West Indies; str. Megantic, from Montreal, for Liverpool.

Seattle, Sept. 30.—Arrived: Str. Lyman Stewart, Oleum; str. Ketchikan, Senator, Northwestern, South-eastern Alaska; str. Admiral Schley, San Diego.

Portland, Sept. 30.—Sailed: Str. West Cheswald, Atlantic Coast; str. Claremont, San Pedro, via Prescott.

APPOINTMENT OF AGENT OF MARINE IS PENDING

Colonel A. R. Wilby or Gordon Halkett Mentioned as Likely Successors to Post Vacated by Captain G. E. L. Robertson—Recommendations Are Made

It is rumored that Colonel A. R. Wilby, resident engineer of the Marine Department, or Gordon Halkett, superintendent of lighthouses on this coast, are in line for appointment to the post of Agent of Marine for British Columbia, in succession to Captain G. E. L. Robertson, recently appointed to the position of Superintendent General of Pilotage for Canada. It is understood that recommendations have been made to the Department at Ottawa and that one of these officials figures as the most likely candidate for the vacant office. Colonel Wilby but a few weeks ago returned to his duties as resident engineer here after four years on active service.

Gordon Halkett has been superintendent of lighthouses for many years. It is expected that the appointment to the office of Agent of Marine will be announced from Ottawa within the next few days.

Investigating Pilotage.

Capt. G. E. L. Robertson, superintendent-general of pilotage, has been in the city for some days investigating pilotage conditions relative to the administration of the new office. The amalgamation of the pilotage districts becomes effective at the beginning of the new year. While on the coast Capt. Robertson conferred with the Boards of Trade of Victoria, Vancouver and Nanaimo on pilotage matters. He will return to Ottawa to-morrow. Capt. F. T. Saunders, agent of marine at Prince Rupert, who was in the city this week on business pertaining to his department, left on the steamship Prince Rupert this morning for the North.

GOVERNOR-GENERAL VISITED DOCKYARD

Inspected Naval Ratings and Royal Naval College Cadets at Esquimalt

Officers of the Esquimalt Dockyard, complements of the ships on the naval station and officers and cadets of the Royal Naval College, were this morning inspected by His Excellency the Governor-General. Accompanied by his daughter, Lady Dorothy Cavendish, and the members of his suite, the Duke of Devonshire reached the dockyard at 11 o'clock, being received by Capt. Edward H. Martin, C.M.G., R.C.N., and other officers of the dockyard. The Governor-General first inspected the officers and men of the naval ships on the station and later went through the Naval College.

Addressed Ratings. In a short address the Governor-General spoke of the part played by the navy in the great war, also making reference to the splendid work that had been done by the naval forces of Canada on both the Pacific and Atlantic coasts, all of which had helped in bringing the titanic struggle to victorious termination for the Allies.

Particular interest was taken by the Governor-General in the Royal Naval College and he commented favorably upon the smart appearance of the cadets. The party left the dockyard about noon.

AFRICA MARU'S SAILING.

The Osaka Shosen Kaisha liner Africa Maru is scheduled to sail out-ward on October 11. She is now taking on cargo on Puget Sound.

JURY IS UNABLE TO IDENTIFY BONES

Further Progress Made in South Vancouver Mill Mystery

A coroner's jury at South Vancouver convened to enquire into the alleged death of Lal Singh, a wealthy Hindu of Mission, who has been missing since May, 1917, on Monday afternoon returned a verdict that Lal Singh came to his death on or about May 14, 1917; that from the evidence produced certain bones exhibited were those of a human being, but that the jury was unable to identify the remains as those of Lal Singh.

Evidence was given by Acting-Chief F. C. Cruickshank of the provincial police concerning the finding on September 11, 12 and 13, of calcined bones in a dismantled refuse burner at the Riverside Sawmill, on the North Fraser, which was owned by a number of Hindus. With the bones was also a badly burnt knife and a cuff-link, which, it was stated, were identified as having belonged to Lal Singh.

Dr. H. L. Turnbull, medical health officer, stated that he had examined the fragments found in the burner and was of opinion that the bones were those of a human being.

Surgan Singh, one of the Hindu partners in two sawmills, one at Mission and another on the North Fraser, gave evidence to the effect that he last saw Lal Singh on May 14, 1917, when Lal Singh and Gopal Singh, who was arrested last week in Victoria, left Mission to come to the South Vancouver mill. Both, he said, were partners in the two mills and went to Riverside mill with cheques for \$1,100 and \$300, with which to pay for certain logs, provided the timber was satisfactory. Gopal Singh and Lal Singh, he said, were always quarrelling and, he alleged, killed Lal Singh. The cheques, he said, had never been cashed or seen from the day Lal Singh left Mission. His suspicions that something had happened Lal Singh were first aroused, he said, by the fact that Lal had been in the habit of telephoning each day when away to ask if anything was required for the Mission mill, but after coming to South Vancouver with no message was received. When two days had passed without any message, he said, he and Isher Singh, who is now in Winnipeg, came to South Vancouver to make enquiries. They saw Gopal Singh at Riverside mill, he said, and Gopal admitted that Lal had been to the mill, but had gone away, he said.

Witness identified the remains of a knife and a cuff-link found in the burner at Riverside mill as having belonged to Lal Singh.

Asked by Coroner Jeffs if anyone had seen Lal Singh since May 14, 1917, witness replied: "How could they see him when he was killed?"

Mr. G. S. Wismer appeared as counsel for the prosecution and Mr. J. Edward Bird attended in the interests of Hindus now under arrest on charges connected with the alleged murder of Lal Singh.

During the examination of witnesses Mr. Bird intimated that he was prepared to produce evidence that the refuse burner had been cleaned out since May 14, 1917, and prior to the finding of the bones alleged to be the remains of Lal Singh. And he suggested that it was an easy matter for anyone to put the bones in the burner to be found.

THIS WEAK, NERVOUS MOTHER

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Philadelphia, Pa.—"I was very weak, always tired, my back ached, and I felt sickly most of the time. I went to a doctor and he said I had nervous indigestion, which added to my weak condition kept me worrying most of the time—and he said if I could not get well, I could not get well. I heard so much about Lydia E. Pinkham's Vegetable Compound that I bought it and took it for a week and felt a little better. I kept it up for three months, and I feel fine and can eat anything now without distress or nervousness." Mrs. J. WORTHLINE, 2842 North Taylor St., Philadelphia, Pa.

The majority of mothers nowadays, however, there are so many demands upon their time and strength; the result is invariably a weakened, run-down, nervous condition with headaches, backache, irritability and depression—and soon more serious ailments develop. It is at such periods in life that Lydia E. Pinkham's Vegetable Compound will restore a normal healthy condition, as it did to Mrs. Worthline.

Dr. H. L. Turnbull, medical health officer, stated that he had examined the fragments found in the burner and was of opinion that the bones were those of a human being.

Surgan Singh, one of the Hindu partners in two sawmills, one at Mission and another on the North Fraser, gave evidence to the effect that he last saw Lal Singh on May 14, 1917, when Lal Singh and Gopal Singh, who was arrested last week in Victoria, left Mission to come to the South Vancouver mill. Satin Ribbons, in all widths and fashionable colors—pink, blue, white, rose, maize, gold, green, black, red, and purple. Per yard, 25c to \$1.25.

CHERNIAVSKYS HAD PHENOMENAL TOUR

Well-known Trio Gained Fresh Laurels in World-Wide Trip

The Cherniavskys recently returned from a phenomenal tour in South Africa, India, Strait Settlements, Java, Philippine Islands, China and Japan.

In South Africa they played to "sold out" houses everywhere. In Johannesburg, they played eight concerts to 3,000 people, and they also played three times for the Governor of South Africa, Lord Buxton, who presented them with gold cuff buttons in token of his appreciation of their art.

In India they played in Calcutta and Bombay to packed houses, turning hundreds away, and then gave two special performances for the Viceroy and Vicereine of India, Lord and Lady Chelmsford—one in Calcutta in the Government House for all the Maharajas and then one in Delhi, where all the Governors of India and the general commanders were invited by the Viceroy for this recital. It was the greatest concert ever held in India.

In the Philippines the Cherniavskys received an enormous ovation, as they hardly get any music over there, residents of the islands are very musical, but are seldom visited

by well-known musicians from the outer world.

They also played in Hong Kong, "the nicest place in the East." From there they took a boat straight to Honolulu, where they played at a few concerts and had a wonderful reception.

They will inaugurate a Dominion-wide tour on October 8 at Vancouver and will appear in recital here at the Empress Hotel on October 10.

THAT COLD IS DANGEROUS

Don't wait Till you are Sorry.

When you feel out of sorts, shivery, headachy, don't wait till you are laid up in bed before you take action to remedy these things. Chilly, achy feelings are Nature's warnings. Get something to clear out your system, cool the blood, exterminate the germs. There is nothing so quick and reliable as Dominion C. B. Q.—which stands for Cascara Bromide Quinine Tablets. Dominion C. B. Q. cures a cold in a few hours—takes the headache away—makes you feel fit. Get a box of Dominion C. B. Q. to-day. Keep it on hand. You never know when you might need it. At all druggists, in the Red Box. Made by that well-known and thoroughly reliable firm The National Drug & Chemical Co. of Canada, Limited.

DOMINION C. B. Q. TABLETS

Stops HEADACHES, COLDS, LA GRIPPE in a few hours. 25 cents.
